

HUNTERS POINT SHIPYARD NAVY MONTHLY PROGRESS REPORT

FEBRUARY 23, 2006

www.navybracpmo.org/bracbases/california/hps/default.aspx

USS Carney

This monthly progress report (MPR) summarizes environmental restoration activities conducted by the U.S. Department of the Navy at Hunters Point Shipyard (HPS) during January 2006. This MPR is prepared in accordance with the HPS Federal Facility Agreement, Section 6.6. The MPR is presented in three sections. Section 1.0, Parcel Updates, summarizes key activities at each parcel completed during the past month and planned for the upcoming 2 months. Section 2.0, Special Recognition, recognizes members of the Navy, regulatory agencies, and community who work together on projects for HPS. Section 3.0, Schedule, identifies submittals, meetings, and field activities completed during the past month and planned for the upcoming 2 months.

1.0 PARCEL UPDATES

This section summarizes key activities completed by the U.S. Navy at each parcel completed during the past month and activities planned for the upcoming 2 months.

1.1 PARCEL B

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel B are summarized below.

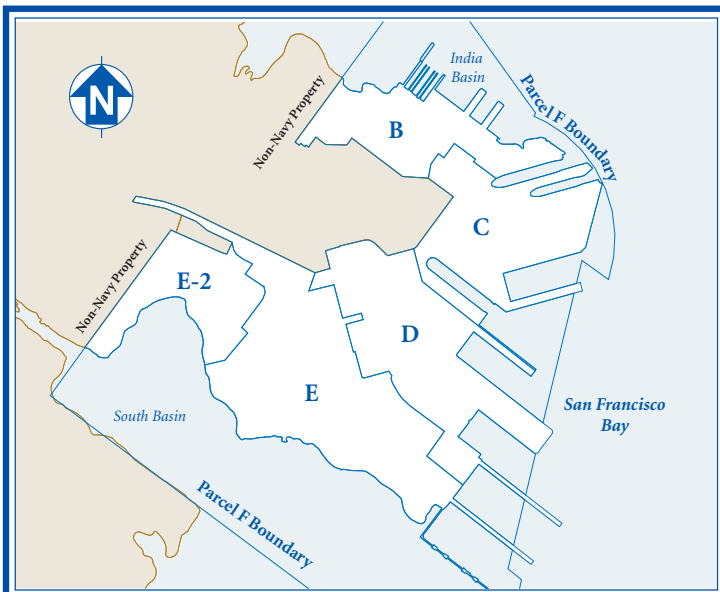

January 2006 Activities

- Continued to prepare the draft Technical Memorandum in Support of a Record of Decision Amendment (TMSRA).
- Continued groundwater sampling in accordance with the Sampling and Analysis Plan (SAP) for basewide groundwater monitoring. Continued developing quarterly groundwater monitoring reports.
- Continued the follow-on (Phase III) Soil Vapor Extraction Treatability Study at Building 123.

February and March 2006 Activities at Parcel B

- Continue groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.
- Prepare the draft TMSRA.
- Prepare and submit the Final Storm Drain and Sanitary Sewer Removal Design Plan.
- Continue the Phase III Soil Vapor Extraction Treatability Study at Building 123.
- Continue investigation of groundwater and soil gas at the Parcels B and C boundary.

Hunters Point Shipyard

1.2 PARCEL C

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel C are summarized below.

January 2006 Activities at Parcel C

- Continued to prepare the draft Feasibility Study Report for Parcel C.
- Continued groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continued developing and submitting quarterly groundwater monitoring reports.

February and March 2006 Activities at Parcel C

- Continue groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.
- Continue to prepare the draft Feasibility Study Report for Parcel C.
- Prepare and submit draft work plan for a groundwater treatability study at Building 253.

1.3 PARCEL D

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel D are summarized below.

January 2006 Activities at Parcel D

- Continued to prepare the draft final Revised Feasibility Study Report for Parcel D.
- Continued groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continued developing and submitting quarterly groundwater monitoring reports.

February and March 2006 Activities at Parcel D

- Continue to prepare the draft final Feasibility Study Report for Parcel D.
- Continue groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.

1.4 PARCEL E

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel E are summarized below.

January 2006 Activities at Parcel E

- Began site restoration at the metal reef removal action area in accordance with the work plan.
- Continued implementing the Installation Restoration (IR)-02 Northwest and Central removal action in accordance with the work plan. Limited activity was possible due to heavy rains.
- Began to prepare the draft Wetlands Mitigation Plan to restore areas affected by the Parcel E and E-2 removal actions.
- Continued to prepare the revised draft Remedial Investigation Report for Parcel E.
- Continued groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.

February and March 2006 Activities at Parcel E

- Continue implementing removal actions.
- Prepare and submit the draft Wetlands Mitigation Plan.
- Continue groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.
- Continue to prepare the draft Remedial Investigation Report for Parcel E.

Performing RAD Release Surveys of Concrete Debris

Preparation of collected wastes for radiological screening

1.5 PARCEL E-2

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel E-2 are summarized below.

January 2006 Activities at Parcel E-2

- Began site restoration at the metal slag removal action area in accordance with the work plans.
- Continued groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continued developing and submitting quarterly groundwater monitoring reports.
- Continued monthly gas monitoring at the landfill. Prepared and submitted monthly landfill gas report.
- Continued to prepare the draft Remedial Investigation/Feasibility Study Report for Parcel E-2.
- Continued removal actions at the polychlorinated biphenyl hotspot area. Limited activity was possible due to heavy rains.
- Recorded monthly visual observations of storm water at the landfill during rain events.

February and March 2006 Activities at Parcel E-2

- Continue monthly gas monitoring at the landfill. Continue to prepare and submit monthly landfill gas monitoring reports.
- Continue field activities for the shoreline removal action areas.
- Continue groundwater sampling in accordance with the SAP for basewide groundwater monitoring. Continue developing and submitting quarterly groundwater monitoring reports.
- Continue to prepare the draft Remedial Investigation/Feasibility Study Report for Parcel E-2. Record monthly visual observations of storm water at the landfill during rain events.

1.6 PARCEL F

The activities completed during January 2006 and planned for the upcoming 2 months at Parcel F are summarized below.

January 2006 Activities at Parcel F

- Continued to prepare the draft Feasibility Study Report for Parcel F.

February and March 2006 Future Activities at Parcel F

- Continue to prepare the draft Feasibility Study Report for Parcel F.

Improvements to Dewatering Pad for Metal Surveys

2.0 SPECIAL RECOGNITION

The Navy wishes to recognize Mr. Brett Womack of Innovative Technical Solutions Inc. (ITSI) for his superior performance. Brett has been involved in the Hunters Point Shipyard project since 1998. He has worked on the Parcel E Landfill Gas Control System for the last several years, performing monthly landfill gas monitoring and making sure the landfill gas controls are in top shape. His responsiveness to problems and his persistence in finding solutions has helped make the landfill gas control system extremely effective. Brett was born in Salinas, California and has been a San Francisco Resident for the past 11 years. He has his bachelors of arts from Yale University in Anthropology/Environmental Science. *Thank you Brett!*

Brett Womack checks his landfill gas monitoring equipment.

3.0 SCHEDULE

This section presents a table listing meetings conducted and planned as well as deliverables submitted and planned during this reporting period.

MEETINGS HELD AND DELIVERABLES PROVIDED		DATE
JANUARY	Final October 2005 Monthly Landfill Gas Monitoring Report	01/16/06
	BRAC Cleanup Team Meeting	01/24/06
	Draft December 2005 Monthly Landfill Gas Monitoring Report	01/25/06
	Restoration Advisory Board Meeting	01/26/06

MEETINGS AND DELIVERABLES PLANNED		DATE
FEBRUARY	Draft April to June 2005 Quarterly Groundwater Monitoring Report, Parcel B	02/02/06
	Final January to March 2005 Groundwater Monitoring Report, Parcel B	02/09/06
	Draft April to June 2005 Basewide Quarterly Groundwater Monitoring Report	02/09/06
	Draft January to March 2005 Basewide Groundwater Monitoring Report- Annual	02/09/06
	Amendment to the Basewide Radiological Time Critical Removal Action Memorandum	02/13/06
	Draft Final Storm Drain and Sanitary Sewer Removal Design Plan, Parcel B	02/13/06
	Draft Final Storm Drain and Sanitary Sewer Removal Design Plan, Basewide	02/13/06
	Final November 2005 Monthly Landfill Gas Monitoring Report	02/13/06
	Final Storm Water Discharge Management Plan, Parcel E-2	02/14/06
	Final Storm Water Discharge Management Plan, Basewide	02/14/06
	Draft Remedial Unit C1 Treatability Study Work Plan	02/14/06
	Draft July to September 2005 Groundwater Monitoring Report, Parcel B	02/15/06
	Draft July to September 2005 Basewide Groundwater Monitoring Report	02/16/06
	BRAC Cleanup Team Meeting	02/22/06
	Community Notification Plan, Revision 1	02/23/06
	Restoration Advisory Board Meeting	02/23/06
	Final October to December 2004 Groundwater Monitoring Report (Annual Report), Parcel B	02/24/06
Final December 2006 Monthly Landfill Gas Monitoring Report	02/27/06	

MARCH	Draft January 2006 Monthly Landfill Gas Monitoring Report	03/01/06
	BRAC Cleanup Team Meeting	03/21/06
	Restoration Advisory Board Meeting	03/23/06
	Draft Technical Memorandum in Support of Record of Decision Amendment, Parcel B	03/28/06
	Final January to March 2005 Basewide Groundwater Monitoring Report	03/29/06
