

DEPARTMENTAL REGULATION		NUMBER: 1042-130
SUBJECT: Advisory Committee on Agriculture Statistics	DATE: May 17, 2010	
	OPI: National Agricultural Statistics Service (NASS)	

1 PURPOSE/SCOPE

- a The Advisory Committee on Agriculture Statistics was originally established by the Secretary of Commerce on July 16, 1962. Initially chartered under the Federal Advisory Committee Act, 5 U.S.C. App. 2, in January 1973, the committee is hereby rechartered in the U.S. Department of Agriculture (USDA) under the same Act, with General Services Administration's concurrence.
- b Effective October 1, 1996, responsibility for the census of agriculture program was transferred to USDA. Responsibility for the Advisory Committee on Agriculture Statistics was transferred, along with its OMB allocated slot, to USDA when the National Agricultural Statistics Service (NASS) received funding and responsibility for the census of agriculture beginning in fiscal year 1997.
- c The renewal of this Committee is in the public interest in accordance with the duties the law imposes on the Department.
- d The purpose of the Committee is to advise the Secretary on the conduct of the periodic censuses and surveys of agriculture, other related surveys, and the types of agricultural information to obtain from respondents. The committee also prepares recommendations regarding the content of agriculture reports, and presents the views and needs for data of major suppliers and users of agriculture statistics.
- e The committee draws on the experience and expertise of its members to form a collective judgment concerning agriculture data collected and the statistics issued by NASS. This input is vital to keep current with shifting data needs in the rapidly changing agricultural environment and keep NASS informed of emerging developments and issues in the agriculture community that can affect agriculture statistics activities.
