Few things are more rewarding than gathering around the table for a home cooked dinner. At Dream Dinners, we know what it feels like at the end of the day to try to put a great meal on the table. Like you, we want what's best for our families. That's where we come in. We help make it easier to provide delicious and healthy dinners for your family. We take care of the meal planning, preparation, and packaging. You assemble the dinners you've chosen off our monthly menu (14 new selections every month), take them home to your freezer, and then serve them to your family (and friends) in the weeks ahead. Our core menu plan is based on serving three Dream Dinners a week, or 12 Dream Dinners a month. When the deals are used properly, they can help you save on your food bill. If you plan to use at least three of your meals every week, you will find that you are saving money on your food bill. You will no longer find yourself stopping at the grocery store to pick up something quick to eat, eating out at restaurants or even the dreaded "stop by fast foods" as much as you have in the past. All of our research shows that a family mealtime is beneficial to the growth and stability of our children. We want to help. So, what do you need to do to start getting these good, high quality and healthy meals on your table?

Call us at 735-8315 or email us at colonnadetrwa@dreamdinner.com with your name, address, telephone number and email address to set up your account with the 10% discount.

Sole to Soul Reflexology & Massage Therapy is pleased to offer HDC members the following discounts: \$15 off first massage session (Massage regular price \$65) & \$10 off first reflexology session (Reflexology regular price \$45) and \$5 off each subsequent session of massage or reflexology. Contact Marta Caballero for more information. Evening and weekend appointments only.

Have you tried reflexology? Reflexology is based on the premise that the whole body is "mapped" on the feet (or hands) and different areas of the foot correspond to related areas of the body. By stimulating the nerve endings and specific reflex points on the foot, congestion and tension are released. This allows more oxygen and blood flow to the cells and in turn, the related areas of the body are positively affected. As a result, deep relaxation may be attained, toxins eliminated, and the body's natural tendency toward healing and balance is promoted.
