Vendor/Address: Army Continuing Education Systems  
Training & Education Health Programs  
1520 Freedman Drive, Room 133  
Fort Detrick, MD. 21702

Course Overview: The Airway Management Course is a unique program designed to give students the chance to learn, practice and demonstrate their ability in applying many airway skills used in resuscitation. Students increase their awareness of various airway products and skills required. The course is designed into units, and some are optional, so facilitators can present the units that meet the students' needs

Key Content: Bag-mask ventilation and airway adjuncts; Laryngeal mask airway (LMA), Esophageal-tracheal CombiTube, Endotracheal tube, Supra-glottic Airways (GEL Airway, King LTD/LTDs), and Impedance threshold device; discussion of Waveform Capnography use during resuscitation.

Target Audience: This course is for a variety of healthcare providers, including physicians, nurses, paramedics, residents, respiratory therapists, nurse practitioners, 68Ws, and physician assistants.

Course Manager: Tel. 301-619-3313, Fax 301-619-2884 or E-Mail: [agustin.hernandez@amedd.army.mil](mailto:agustin.hernandez@amedd.army.mil)

How to Nominate and Apply: Fax form SF 182 to ACES (301) 619-2884 or DSN 343-2884, mail form to Bldg. 1520, or email to program manager by registration deadline. Do not attend unless you have received confirmation from the course manager. Although we try to accommodate all training needs, faxing a nomination to us does not guarantee a space allocation. Check with Course Manager if you have not received confirmation at least 1 week prior to the class starting date.

NOTES: Individuals who require special services or accommodations due to a disability (wheelchair access, interpreter) should advise this office immediately after acceptance into the course.
