**Note:** Inspections will be scheduled within ten (10) working days of receiving a request. Requests for inspections in Dutch Harbor and Kodiak will be scheduled within ten (10) days, but may be delayed several days due to weather or logistics.

| <i><b>DIAGRAM ATTACHMENT</b></i>   |  |                         |
|--|--|-------------------------|
| <p><i><b>You must attach with this request a diagram drawn to scale showing:</b></i></p> <ul style="list-style-type: none"> <li>◆ All locations where sorting occurs</li> <li>◆ Location of the motion-compensated scale</li> <li>◆ Location of each camera and its coverage area</li> <li>◆ Location of any additional video equipment, including monitors and hard drives</li> </ul> |  |                         |
| <i><b>VESSEL INFORMATION</b></i>   |  |                         |
| Name of Vessel   | Federal Fisheries Permit No.                   |                         |
| Business Mailing Address   |  |                         |
| Business Telephone No.   | Business Fax No.                               | Business E-mail Address |
| Individual/Company to install & maintain system  | Person on vessel to maintain system            |                         |
| <i><b>SYSTEM SPECIFICATIONS</b></i>  |  |                         |
| Pixel length & width of image  | File type in which data are recorded           | Compression Type        |
| Frame rate at which data are recorded  | Storage device type and size                   |                         |
| Brand and model number of the cameras  | Brand, model, and specifications of the lenses |                         |
| Type, speed, and operating system of any computer that is part of the system   |  |                         |

Any change to the electronic monitoring system that would affect the system's functionality must be submitted to, and approved by, the Regional Administrator in writing before that change is made.

Inspections will be conducted on vessels tied to docks at Dutch Harbor, Alaska; Kodiak, Alaska; and in the Puget Sound area of Washington State.

An electronic monitoring system inspection report, valid for 12 months from the date it is issued by NMFS, will be issued to the vessel owner if the electronic monitoring system meets the requirements. The vessel owner must maintain a current electronic monitoring system inspection report onboard the vessel at all times the vessel is required to provide an approved electronic monitoring system. The electronic monitoring system inspection report must be made available to the observer, NMFS personnel, or to an authorized officer upon request.

---

***PUBLIC REPORTING BURDEN STATEMENT***

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing the instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to NOAA, National Marine Fisheries Service, Alaska Region, Attn: Assistant Regional Administrator, Sustainable Fisheries Division, P.O. Box 21668, Juneau, AK 99802-1668 (Attn: Records Officer).

***ADDITIONAL INFORMATION***

Before completing this form please note the following: 1) Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number; 2) This information is being used to manage commercial fishing efforts under 50 CFR part 679 and under section 402(a) of the Magnuson-Stevens Act (16 U.S.C. 1801, *et seq.*) as amended in 2006; 4) Submission of this information is necessary for NMFS to approve electronic monitoring systems; 5) Responses to this information request are not confidential.
