Grading Scale	
A+	≤ 150% but ≥ 120%
A	< 120% but ≥ 100%
B	< 100% but ≥ 90%
C	< 90% but ≥ 80%
D	< 80% but ≥ 70%
F	< 70%

Comments:**Graded Agency:**

In FY2010, NASA awarded over \$2.4 billion directly to small business missing our goal by less than one half a percentage point. This is an increase of over \$200 million more than NASA awarded directly to small business in FY2009. NASA met its Subcontracting goal in FY2010 by having our large prime partners award over \$1.9 billion, or 36.6%, of the Agency's subcontracting dollars to small businesses.

NASA has had a long history of supporting Small Disadvantaged Businesses (SDB). In FY2010, NASA exceeded the congressionally mandated goal of 5% by awarding over 7% of our contract dollars to SDB's. Despite falling short of meeting the 3% Service Disabled Veteran Owned Small Business Goal, five of NASA's ten centers have met or exceeded the 3% goal compared to only three centers in FY2009. In addition, NASA has also met all nine elements of its Planned Progress goals since FY2007.

NASA continued to concentrate on reaching out to small businesses during FY2010 by hosting the Federal OSDBU conference in March 2010 and continuing the JPL High Tech Conference, the Kennedy Space Center Expo and the HQ Small Business Symposium & Awards conference, in addition to over 300 outreach events agency wide. NASA has formed a strong partnership with SBA to assist in improving our performance and meeting our goals. In addition, NASA senior leadership is committed to the agency meeting its small business goals by demonstrating strong support to the small business program.

SBA:

The National Aeronautics and Space Administration (NASA) met 1 of its 5 prime contracting goals: Small Disadvantaged Business. However, it did not meet its prime contracting goals for Small Business, Women Owned Small Business, Service-Disabled Veteran Owned Small Business and HUBZone.

Fiscal year 2010 prime contracting achievement saw increases over FY2009 in Small Business, Service-Disabled Veteran Owned Small Business and HUBZone. NASA FY2010 achievement declined for Women Owned Small Business and Small Disadvantaged Business.

NASA regularly attends Small Business Procurement Advisory Council meetings.
