Comments:**Graded Agency:**

SSA will continue to look for future small business opportunities and advocate for the small business programs in meeting our agency goals. The acquisition office has an initiative to raise awareness agency-wide of the importance of the socio-economic programs to both the contracting and program office community as part of advance acquisition planning. The OSDBU conducts monthly 'meet and greet' sessions with small business concerns. All small business concerns interested in learning best methods to market to the Agency are invited to learn from the OSDBU during a two hour presentation. The agency conducts annual Small Business conferences to educate and promote opportunities for the small business community. The Senior Procurement Executive communicates to other agency executives on a recurring basis the benefits and need to support the small business programs. In addition SSA has posted a message from the SPE in support of doing business with the small business community.
