Electronic Tariff Filings

Docket No. RM01-5-000

NOTICE OF AVAILABILITY OF PROTOTYPE
ELECTRONIC TARIFF FILING SOFTWARE

(August 10, 2004)

Take notice that the Federal Energy Regulatory Commission is making available on its website (<http://www.ferc.gov>) a prototype of the computer software to be used for electronic tariff and rate filings in conformance with the Commission's July 8, 2004 Notice of Proposed Rulemaking.¹ The link for the prototype testing can be found at <http://www.ferc.gov/docs-filing/etariff.asp>.

The software is still in development, and is being made available so that interested parties may view the software to submit comments on the proposed rule. A subsequent notice will be issued when, after testing of the prototype software, a revised, experimental, version of the software is available on the Commission's website.
