

WOMACK FAMILY MEDICINE RESIDENCY

Womack Army Medical
Center
Fort Bragg, North
Carolina

Womack Army Medical Center

Welcome to WAMC and congratulations on taking the first step in making WAMC your choice in quality medical training centered at the home of the 82nd Airborne Division.

The following presentation highlights the quality training that you will receive here as a resident combined with the medical and military opportunities that are associated with being a part of Fort Bragg's growing community. Come visit us and learn what it means to be....HOOAH.

Womack Army Medical Center

- The hospital started as a 500-bed facility in 1918 when the post was known as Camp Bragg.
- Today, the hospital serves more than 202,000 eligible beneficiaries in the region
- Oral Maxillofacial Surgery and Podiatry residencies as well as Family Medicine
- USUHS and HPSP medical students and rotating PA Students train together

WAMC Recently stood up the
Warrior Transition Battalion

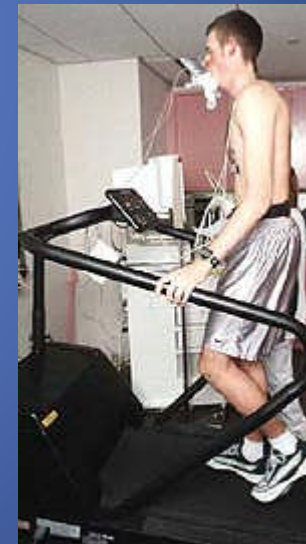

Family Medicine Residency

- Received second consecutive 4-year RRC accreditation in September 2009
- Provides an outpatient medical home for over 20,000 patients and inpatient support for over 100,000 soldiers and beneficiaries.
- The Army's largest Family Medicine Training Program with 30 slots for trainees and 10 full time faculty
 - PGY1 – 10
 - PGY2 – 10
 - PGY3 – 10

Family Medicine Clinic

Interested in Operational Medicine?

- Fort Bragg is the home of Operational Medicine!
- Special Forces soldiers regularly rotate in the hospital to train
- Combat Casualty Care Course is part of the curriculum

Living in North Carolina

- The Biltmore castle and estate is located in near-by Asheville.
- The ocean and its many beaches are a short drive away.
- Smokey Mountains National Park and Wright Brothers National Memorial in Kill Devil Hills National Park
- Excellent SCUBA diving off coast
- One hour from Raleigh-Durham metro area.

Womack's Residents in Action

Family Life

Sports

Contact us for a rotation

Residents busy at play

A volleyball game at our annual retreat!

Dr Harris at a Triathlon in Pinehurst

Dr Stang is a SCUBA diver

Womack believes that residents should work hard, and play even harder.

You don't need to give up a life outside of work to be a resident here.

Family at Womack

Womack is a very family oriented residency.
We have annual residency retreats, annual class retreats, and throw social gatherings on a regular basis.
You will not have to worry about never seeing your spouse or children.
