VETTIX has KU Football vs TCU tickets for Troops this upcoming Sat 15 SEPT - "We have tickets for this week's football game in Lawrence, KU vs TCU, please let your Soldiers/Airmen know that if they would like to attend, that they have to claim them through our website at www.VetTix.org " Thank you all for your service!" Butch Hogan to claim these tickets they have to go to the website. These tickets are for Currently Serving, Veterans and their Families. They can request as many tickets as they need for their entire family. We do charge a processing fee for this event. This is because we have a limited number of tickets, and we need to make sure the people claiming them actually want to go, and not take away an opportunity for some other Veteran. The fee is \$9.97 for the entire request, if it's 4 tickets, or 6 it's still \$9.97 total. They use the money to purchase other tickets and to create new relationships with other venues to get more tickets. The last two years in their independent audits they were above 98% back to program on all money raised. They are all volunteers.

Public notice: To all interested parties, agencies, individuals, and public groups: Fort Riley is hereby notifying the public on the proposed soil removal corrective action and its related soil and ground water sampling for 6200 Area, Custer Hill (6200 Area). The 6200 Area is located on

Hampton Place Road on the southern side of the Custer Hill Troop Area at Fort Riley. A petroleum, oil and lubricant, or POL site, was identified after residents complained of a fuel smell. POL contamination was identified in utility trenches and remediated in the mid- to late-1990s. A current housing contractor encountered POL contamination while constructing residential housing about four to six feet below ground surface. The current contamination appears to be about a 6-inch layer spread out over an unknown area. Soil samples collected from one area identified as TP-5 indicated gasoline range organics at about 32 mg/kg and diesel range organics at about 2,500 mg/kg. The current known volume of contamination is not known exactly, but is currently estimated at 500 cubic yards. Additional sites also need to be investigated and possibly remediated. Those locations are identified as TP-8, former storage area and future playground area. The U.S. Army Corps of Engineers and the Kansas Department of Health and Environment are overseeing soil removal corrective action and its related soil and ground water sampling for 6200 Area

The U.S. Cavalry Association will host the 2012 National Cavalry Competition at historic Fort Riley, Kansas in 19-22 September 2012. This competition is open to all horsemen who represent time periods ranging from the Mexican War to World War Two. Competition categories include: - Military Horsemanship: Skill of rider at military equitation, including turnout of horse and rider, deportment, use of aids, gaits, riding hall movements and horse management as prescribed by U.S. Cavalry training manuals. Gaits required will be ordinary and free walks sitting and posting trot, and canter. - Mounted Saber: Timed event, may include as many as twenty targets (heads, rings, ground targets) and negotiation of

obstacles, including appropriate level jumps. Scored on elapsed time and faults (missed targets, refusals, and riding off course.)

- Mounted Pistol: Timed event, including engagement of six targets and negotiation of obstacles, which may include appropriate jumps. Scored on elapsed time and faults (missed targets, refusals, and riding off course.) Faults scored at 5 points each.
- Military Field Jumping: Skill at negotiating jumps and obstacles over a prescribed course of plain and striped post and rails, gates and ladders on relatively flat field. Maximum height for jumps of Levels 1, 2 and 3 will be one foot six inches, two feet, and two feet six inches respectively
- Combat Horsemanship: Combat Horsemanship is open to 19th and 20th Century impressions. Horse and rider will be fully equipped for combat. Pistol, saber, and carbine or rifle (if after 1903) will be needed. Contestants carrying carbine will need a carbine sling, carbine boot, or socket. After 1903 the rifle boot is needed. Also, after 1913 the Patton saber is approved. The contestant will perform the test in front of the judge. The judging area should be a 60 meter square area, with each corner marked. No championship points are awarded for this competition. First place ribbons will be awarded to high-point scorers in Level 1 and Level 2.
- Authenticity and Historical Impression - Open to all competition entrants. Field or campaign uniform and equipment of a chosen era of the U.S. Cavalry, with saddle, tack, pack, personal items, and weapons appropriate and properly fitted. Equipment may be original or reproduction - no loaded weapons or live ammunition. Competitors should be knowledgeable about all uniform and equipment items.
- Cavalry Bugler - Open to all competition entrants. Test of bugler's ability to sound and recognize bugle calls, as well as understand bugler's duties in camp, on skirmish, and at ceremonies. Garrison uniform and equipment. Scoring as in traditional state music contests. Contestants will be grouped in three categories: 1- Superior, 2- Excellent, 3- Good. Contestants expected to contribute to camp duties during competition. Each of the above competition area is divided by levels of competition Levels 1, 2, and 3. You will be judged within your own level in which you register. Level 1 (Novice) - Basic riding and equitation skills, including jumps up to one foot six inches; basic skill with arms (saber and pistol.) Level 2 (Intermediate) - Intermediate riding and equitation skills, including intermediate schooling level skills over jumps (stadium and field) up to two feet; use of arms at all gaits. Level 3 (Advanced) - Advanced riding and equitation skills, including jumps (stadium and field) up to two feet six inches; advanced level of competitive skills with arms. Most reenactors/living historians feel that they are threatened about competing against US Army mounted teams; however, over the last several years it was reenactors/living historians that have won the competition. Our goal for the 2012 National Cavalry Competition is to increase the number reenactors/living historians that attend the event. This competition provides an excellent venue for you to impart some of your knowledge of uniforms, arms, tactics, and overall cavalry knowledge to the attending public, but also to the U.S. Army mounted teams that compete. Now is the time to start preparing yourself and your mount for the competition. This is also an excellent opportunity to meet and talk with WWII Cavalry Veterans who attend the competition. I will provide more information as it becomes available. If you would like to view the information from the 2011 National Cavalry Competition you can go to: <http://www.uscavalry.org/events/current-events.html>

Museum staff will provide activities for your children while you enjoy fellowship with other military spouses and make night-sky themed cards to send to loved ones. Please feel free to bring photos or other bits and pieces to be added. See attached flyer for other dates.

The Kansas ExpoCentre in Topeka is offering discounted tickets for the military for the Cirque Du Soleil shows on Dec. 5, 6, 7, and Dec.9: If you are interested in purchasing tickets for this show, please contact Bill Griffin at 785.633.8448 or see the flyers below. Tickets go on sale Friday, and are expected to go fast...the show promoters expect to sell out each show. Fusing the 3000 year-old tradition of Chinese acrobatic arts with the multidisciplinary approach of Cirque du Soleil, Dralion draws its inspiration from Eastern philosophy and its never-ending quest for harmony between humans and nature. The show's name is derived from its two emblematic creatures: the dragon, symbolizing the East, and the lion, symbolizing the West. In Dralion, the four elements that govern the natural order take on a human form. Thus embodied, each element is represented by its own evocative colour: air is blue; water is green; fire is red; earth is ochre. In the world of Dralion, cultures blend, Man and Nature are one, and balance is achieved. For more information on the Dralion show visit their website at <http://www.cirquedusoleil.com/en/shows/dralion/show/about.aspx>
