**Keep hydrated all year long:** Here in the Midwest we know hydration is crucial during the hot, humid summer months. It is no problem to gulp down a glass of ice-cold water during those high-temperature months, but what about the winter months? During cold weather, it is just as important to keep hydrated. Consider your winter activities. Does snow skiing or shoveling snow come to mind? Intense activities like these require proper hydration. Water is essential for our body to function. Being well-hydrated lubricates joints, helps move nutrients in the body and maintains body temperature to name a few. Checking urine color is one way to tell if you are hydrated. If your urine is colorless or a pale yellow, you are probably well-hydrated. **Consider these tips to keep hydrated all year long:** Carry a reusable plastic bottle with you, Look for zero-calorie flavored beverages such as Vitamin Water Zero, Beverages such as Smartwater in larger bottles may help increase water consumption, During the cold months, try warm drinks such as a lower-calorie cocoa mix or hot tea, Add strawberries, lemon or cucumbers to your water for natural flavor, add a flavor packet or True Lemon packet to a bottle of water for a burst of flavor, and certain foods, such as broth-based soups, milk and melons also contribute to fluid intake.

Spouses Clubs are a time-honored military tradition...

Our Community Spouse Club (OCSC) is a group of like-minded spouses that is committed to improving the military lifestyle through philanthropy and volunteerism.

Becoming involved with OCSC will help you to become a vital part of the Fort Riley community (through various service projects), enhance your personal/professional development, make new friends, and build a support network.

**JANUARY** marks the half-way point of our membership year, so new memberships are only \$15. All the same benefits and perks, but at a lower price!

Won't you join us?
