Connecting Community & Campus

What is Campus Corps?

Campus Corps is an after school, therapeutic mentoring program delivered in a community setting on the CSU campus. Youth are paired one-on-one with a CSU student mentor.

Mentor-mentee pairs are grouped in mentor families. Mentoring at Campus Corps provides youth with individualized attention while building relationships within a larger community setting.

Campus Corps creates opportunities for youth to develop positive and supportive relationships, gain personal insights, and become involved in the community. This occurs through one-on-one academic/career tutoring, group meals, wellness programming, positive activities, and ongoing support from the mentors.

Our mission is to enhance the lives of youth so they can flourish and thrive in their school, home, and community.
