## Contents

Preface .....	iii
The Interviewer .....	iv
Margaret S. Petersen: A Biographical Sketch .....	vii
Career Information .....	ix
The Early Years .....	1
Rock Island District and Panama Canal .....	1
Undergraduate Study at the University of Iowa .....	3
Engineering Curriculum .....	3
Waterways Experiment Station .....	5
Mississippi Basin Model at Jackson .....	6
Mississippi Basin Model Board .....	9
Importance of the WES Experience .....	11
Graduate Work at the University of Iowa .....	11
Åke Alin and Dam Design .....	13
Dam Design .....	14
A Woman's Place in Civil Engineering .....	17
Missouri River Division .....	18
Decision to go to the Missouri River Division .....	18
Work on the Missouri River .....	19
Wendell Johnson .....	23
Hydraulics and Hydrology .....	23
Little Rock District .....	27
Section 308 Reports .....	28
Reasons for Leaving MRD .....	29
Hydraulics Branch .....	30
Arkansas River Project .....	32
River Bank Stabilization Studies .....	33
Dams .....	36
Vane Dikes as an Innovative Approach .....	39
White River Reach .....	41
Pile Dikes on the Arkansas System .....	43
Arkansas River Cutoffs .....	45
Dardenelle Dam .....	46
Computers in the Corps of Engineers .....	48
Waterways Experiment Station in Vicksburg .....	49
Sacramento District .....	50
Sacramento River Shallow Draft Navigation Project .....	53

---

Morrison Creek Stream Group Study .....	55
San Francisco Bay to Stockton and Sacramento-San Joaquin Delta Studies .....	56
Phase II of Sacramento River Bank Protection Project .....	56
Post-Authorization Studies on Marysville Lake .....	56
Environmental Impact Statements .....	57
Retirement .....	61
Department of Civil Engineering and Engineering Mechanics, The University of Arizona ...	61
Publications and Consulting Work .....	62
Emory Lane .....	64
Sediment Sampling .....	64
Morning Glory Spillway .....	65
Hunter Rouse .....	66
Mississippi Basin Model Revisited and the Role of Computers .....	67
Dam Break Studies .....	68
Foreign Influences on Hydraulics in the United States . . . . .	69
Lorenz Straub .....	70
German Influence .....	71
Hans Albert Einstein .....	72
Vito Vanoni .....	73
Glossary .....	75
