

United States Department of the Interior

OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20240

MAR 11 2008

Memorandum

To: Solicitor
Inspector General
Assistant Secretaries
Heads of Bureaus and Offices

From: *Sharlyn A. Grigsby*
Sharlyn A. Grigsby
Director, Office of Human Resources

Subject: 2008 Administratively Determined Pay Plan for Emergency Workers (Casuals)

The Office of Human Resources is issuing a new Personnel Bulletin for the four fire Bureaus, which include the Fish and Wildlife Service, Bureau of Indian Affairs, Bureau of Land Management, and National Park Service, establishing policy and procedures on the 2008 Administratively Determined Pay Plan for Emergency Workers (Casuals). This Plan replaces all previous pay plans and provides revised direction relative to the hiring of emergency workers. Please review the revised Personnel Bulletin and note the changes and clarifications from the previous document.

All four fire Bureaus will now use this guidance when determining the pay and hiring procedures for Administratively Determined employees. If you have any questions, please contact Rosemary Downing on (202) 208-4321 or via email at Rosemary_Downing@ios.doi.gov.

United States Department of the Interior

OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20240

MAR 11 2008

PERSONNEL BULLETIN NO. 08-03

SUBJECT: 2008 Administratively Determined Pay Plan for Emergency Workers (Casuals)

Attached is the 2008 Administratively Determined Pay Plan for Emergency Workers. It replaces all previously approved plans. This plan authorizes direction relative to the hiring of emergency workers. It will expire when the 2009 Administratively Determined Pay Plan for Emergency Workers is issued.

All offices hiring under this authority should adhere to the provisions of this pay plan.

The following changes become effective on the date of signature;

- Incorporates the general schedule increase for the rest of the US at 2.99 percent (Section B.1)
- Clarifies that rates are established at the original point of hire (Section B.3)
- Clarifies that post incident administration and emergency stabilization efforts should not exceed 90 calendar days. (Section D.3 D.10)
- Deletes the reference to Comp General B-139682, June 19, 1959 (Section E.5)
- Adds that to work under this plan requires a social security number. This applies to US citizens as well as nonresident aliens (Section E. 10)
- Adds that the IRS requires federal tax withholdings for nonresident aliens (Section E. 11)
- Adds Aircraft Dispatcher AD-H; Aircraft Coordinator AD-I; General Support Clerk AD-C; Fire Effects Monitor AD-H; Fire Use Manager T2 AD-J. Removes Lead Plane Coordinator. Changes Computer Technical Specialist to AD-H. (Incident Position Matrix).

Sharlyn A. Grigsby
Director, Office of Human Resources

PAY PLAN FOR EMERGENCY WORKERS (CASUALS)

A. PREAMBLE. Pursuant to 5 U.S.C. 5102 (c)(19), 7 U.S.C. 225 and 2226, 16 U.S.C. 554e and 43 U.S.C. 1469, there is hereby established, effective immediately, the following Administratively Determined (AD) Pay Plan, which replaces and supersedes previously approved plans. In the event there is an emergency in progress on the effective date of this pay plan workers (casuals) on that emergency shall be paid under the provisions of the AD pay plan in effect at the start of the emergency. This pay plan applies wherever and whenever it becomes necessary to hire persons:

1. To cope with a sudden and unexpected emergency caused by a fire, or extreme fire potential, flood, storm, or any other all-hazard emergency that threatens damage to federally protected property unless brought under immediate control.
2. To provide emergency assistance to States under formalized agreements (see section D).
3. To meet mission assignments issued by the Federal Emergency Management Agency (FEMA).

Such hiring is of uncertain, of purely temporary duration, and shall be terminated when other employment methods can be initiated. This plan can be used for suppression operations and suppression for resource benefit.

This pay plan is complete within itself. Therefore, for any hiring under this plan, the provisions herein take precedence over any other policies or regulations that may be prescribed elsewhere.

B. RATES OF PAY. The National Wildfire Coordinating Group (NWCG) Incident Business Practices Working Team (IBPWT) facilitates establishment of rates and positions review for casual positions on an annual basis. Geographic Area Coordinating Groups (or designated agency representatives) may request rates for positions not published in this pay plan.

Changes to the pay plan may be proposed by any agency for a variety of reasons, i.e., new law or regulation, clarification of meaning, establishments of new positions. The agency hiring official will submit, through normal agency channels, pay plan change recommendations to the IBPWT. Pay plan changes are normally requested and addressed in the first quarter of the fiscal year.

1. Rates per hour for AD-A through AD-M

Classification	48 Contiguous States	Alaska	Hawaii
A	11.16	13.66	13.00
B	12.28	15.08	14.46
C	13.64	16.86	16.24
D	15.08	18.70	18.10
E	16.54	20.62	20.02
F	18.10	22.64	22.06
G	21.00	24.74	24.16
H	24.00	27.68	27.68
I	24.52	30.58	30.58
J	26.94	33.66	33.66
K	29.60	37.00	37.00
L	35.48	44.34	44.34
M	42.18	52.72	52.72

2. If the casual is assigned to a different position qualification (as documented on the Crew Time Report, SF-261), adjust the pay rates to the appropriate rate for that position and document in the Remarks block of Form OF-288. The adjusted pay rate will be based on the original point of hire.

3. The rate will be established at the point of hire, based upon the point of hire location and documented on the OF-288 or the Single Resource Casual Hire Information Form. The established rate for the point of hire will remain in effect regardless of the location of the incident.

4. The Area Commander, Type 1 or Type 2 Incident Commander, Security Specialist Level 1 or Level 2, Fire Investigator, and Buying Team Leader are key positions and may be filled only by current agency employees. For state or local government partners who cannot work on Federal incidents under their employment status or cooperative agreement due to policy or statute the following positions will be allowed to be filled in the 2008 pay plan under the included conditions:

- a. Area Commander: State or local government employees who meet qualifications as certified by their Geographic Area Coordinating Group.
- b. Type 1 and Type 2 Incident Commanders: State or local government employees who meet qualifications as certified by their Geographic Area Coordinating Group.
- c. Fire Investigators: State or local government employees.

5. When approved by the Agency Acquisition Management Director, retirees may temporarily have warrants reinstated and may be hired as AD's in these positions:

- a. Buying Team Leader
- b. Contracting Officers

NOTE: This is an agency by agency decision, and may not be implemented in every agency.

6. If a casual is receiving Social Security benefits or equivalent, casual earnings may be subject to limitations. Casuals should contact the Social Security office for further information.

C. DECRPTION OF AREAS TO WHICH RATES ARE APPLICABLE.

1. The 48 contiguous States and the following areas and jurisdictions:

Caroline Islands	Other Pacific Islands
Guam	Virgin Islands
Mariana Islands	Puerto Rico
Marshall Islands	Other Caribbean Islands
American Samoa	

2. Alaska (Statewide).
3. Hawaii (Statewide).

D. REQUIRED SITUATIONS FOR HIRE. Hiring of emergency personnel may be made according to the provisions of this pay plan when any of the following situations exists:

1. To fight an ongoing fire.
2. To hire personnel during unusually dry periods or when fire danger is very high to extreme (local Planning Level 4 or 5), or when fuel or weather conditions are such that fires can readily ignite, spread rapidly, and do substantial damage, and when risks of fire occurrence are high (for example, severity authority, prevention team activation). Examples of high risks occur when the preceding conditions exist and when:
 - a. Unusual lighting activity is present or is predicted;
 - b. Incendiary outbreaks occur; or

- c. An unusually large number of people are in the area (opening day of hunting season, fishing season, 4th of July, or Labor Day weekend, for example).
3. To provide support to an ongoing incident, including post-incident administration (for example, dispatch, warehouse/cache workers, payment team members, administrative support and reviews). Post-incident administration normally should not exceed 90 calendar days.
4. To place additional firefighters on standby for expected dispatch somewhere in the area.
5. To temporarily replace members of fire suppression crews or fire management personnel who are currently on fires.
6. To allow personnel to attend emergency incident training in preparation for emergency incident situations. In most cases this should not exceed a total of 80 hours per calendar year, regardless of hiring agency. This authority cannot be used to circumvent other hiring authorities such as temporary 1039 appointments or career seasonal appointments. The 80 hour limit includes but is not limited to:
 - a. Required annual refresher courses.
 - b. Travel to and from the training.
7. To allow personnel to instruct emergency incident training when all other methods of hiring and contracting instructors have been exhausted; not to exceed a total of 120 hours including travel per calendar year, regardless of hiring agency, for a qualified individual to prepare, instruct, and issue certificates for required courses for emergency incident situations as noted in paragraph 6.
8. To cope with floods, storms, or any other all-hazard emergency that threatens damage to federally protected property unless brought under immediate control.
9. To carry out emergency stabilization work where there is an immediate danger of loss of life or property or when prompt remedial action is essential before potentially damaging climatic events occur.
10. During a transition period, not to exceed 90 calendar days, following a natural emergency to develop plans and manage an emergency stabilization effort until regular employees can handle the situation or until other employment methods can be initiated.
11. To meet mission assignments issued by the Federal Emergency Management Agency (FEMA).

12. To hire casuals for prescribed fire projects authorized by Congressional funding within the Wildland Fire Operations account. **This does not include mechanical or chemical reduction projects.** The term of hire is restricted to no greater than the period beginning 24 hours prior to planned ignition and extending through 24 hours after the perimeter is secured. This pay plan is to be used to provide temporary support due to the unpredictable nature of prescribed fire activities, and may not be used to circumvent normal hiring and contracting procedures.

E. CONDITIONS OF HIRE.

1. This pay plan applies only to those casual hires that are recruited for the sole purpose of dealing with an immediate fire emergency, extreme fire potential, or other all-hazard emergency.

2. This pay plan may be used to supplement regular personnel assigned to DOI prescribed fire projects. The term of hire is restricted to no greater than 300 hours per person per **calendar** year, regardless of agency, for DOI prescribed fire projects.

3. The jurisdictional agency is responsible for hiring and paying under this pay plan for DOI prescribed fire projects.

4. Under no conditions may active members of the Armed Forces be hired.

5. Federal retirees may be hired under this plan without a reduction in annuity.

6. Casuals hired under this plan must meet minimum physical fitness standards, security and qualification requirements as established by agency policy. Hiring units shall use the Single Resource Casual Hire Information Form, per agency policy. In addition, casuals are required to complete agency specific health and medical screening requirements for certain positions prior to being hired.

7. Casuals in positions that require special certification or license (emergency medical technicians, drivers, instructors, and so forth) must meet the requirements of the hiring agency and of the State where the incident is located.

8. The Immigration Reform and Control Act of 1986 (8 U.S.C. 1324A) requires employers to hire only individuals who are eligible to work in the United States. This law also requires that the Department of Homeland Security (DHS) Form I-9 be completed within 3 business days of the appointment. Those units who establish and train organized crews should complete DHS Form I-9 as soon as crews are organized to eliminate the need for verification at incidents. The appropriately delegated position on the hiring unit or the designee is responsible for verifying the eligibility of any casuals hired.

9. The Agency Administrator or designee has the final authority to accept or reject any person hired under this plan.

10. To work under this plan requires a Social Security number. This applies to United States citizens as well as nonresident aliens. Casuals shall be furnished a notice of mandatory Social Security number disclosure at the time of hire.

11. The Internal Revenue Service requires federal tax withholdings for nonresident aliens; reference IRS Publication 515.

12. The salary rate shown for each classification is the rate per hour to be paid for all the service required of the casual hire. Premium compensation shall not be paid for service in excess of 8 hours per day or 40 hours per week or for night, Sunday, or holiday work (43 U.S.C. 1469).

13. The hiring period begins at the point of hire and the time an individual is available for hire at the request of an agency representative. It ends at the time the casual hire is returned to the point of hire or is no longer available. Point of hire is defined as the location of the unit where hiring documentation is completed or other locations as determined by the hiring unit.

- a. All hours worked under this pay plan must be recorded as either on-shift or off-shift. All on-shift time is compensable; all off- shift time is non-compensable.
- b. On-shift includes time spent in travel from and return to the point of hire and related waiting time; other travel necessary for the performance of work, such as from fire camp to fire line or between fire camps; ordered standby; and actual work. (See Interagency Incident Business Management Handbook (IIBMH), Chapter 10).
- c. Off-shift includes:
 - (1) Time allowed for sleeping and eating when personnel are free from assigned duty and
 - (2) Other periods when personnel are free from duty and are not in an ordered standby status. Ordered standby occurs when, at the direction of the agency representative, a casual is held in a specific location fully outfitted and ready for immediate assignment.
- d. Casuals working away from the point of hire must be given enough on-shift time (travel, ordered standby, and actual work) to total 8

compensable hours for that calendar day. This 8 hour guarantee does not apply to the first and last day of work.

- e. Casuals assigned to an incident at their point of hire are not entitled to guaranteed hours on days off. This is considered off-shift time and is non-compensable. Casuals working at the point of hire are not guaranteed 8 hours each calendar day.
- f. The minimum compensable time allowance for each work period is 2 hours. Thereafter, compute time in multiples of 15 minutes.
- g. Casuals who deviate from the normal travel route home are considered “no longer available” and are not entitled to travel time home nor to transportation provided by the Government from the point the travel deviation occurs. The travel deviation must be documented and attached to the casual’s original time record (Form OF-288) for use by the payment unit. This documentation shall also be made a part of the incident record.

14. All transportation required from point of hire until return to point of hire shall be at Government expense, except as stated in section 13(g) above. If a casual is fired or quits without an acceptable reason before the emergency is over, pay will be stopped at that time. A government official may decide whether or not the Government will provide return transportation and if the casual will be paid for travel time back to the point of hire.

15. Meal periods should be applied in accordance with the Interagency Incident Business Management Handbook (IIBMH), Chapter 10.

16. When casuals do not receive adequate food or lodging, they shall be in pay status the entire time they are working, sleeping, or eating. Adequate food is defined as: meals ready to eat, sack lunches, military type rations, and hot can or similar meals. Adequate lodging is described as: a sleeping bag (paper or cloth) or a blanket or equivalent covering to provide protection from the elements for sleeping.

17. Whenever deemed practical and necessary by the agency representative, subsistence and lodging shall be furnished at Government expense for casuals under this plan. If the Government cannot provide subsistence for a casual, reimbursement should be made through the agency travel process, following current Agency Travel Regulations. The hiring agency/unit is responsible to issue authorization to travel and to process claims for travel expense reimbursement.

18. Casuals under this pay plan are not entitled to earn or to be granted annual or sick leave, or to be covered under the Federal Employees’ Group Life Insurance Act (5 U.S.C. 87), Civil Service Retirement Act (5 U.S.C. 83), Federal Employees’ Retirement System (5 U.S.C. 84), Federal Insurance Contributions Act (26 U.S.C. 3121 (b) (6) (c)),

or the Federal Employees' Health Benefits Act (5 U.S.C. 89). However, the Federal Employees' Compensation Act (5 U.S.C. 81) does cover casuals.

Under the provisions of 5 U.S.C. 8501, Federal agencies do not report wages earned to State offices for unemployment compensation purposes. The services performed by an individual on a temporary basis in case of fire, storm, earthquake, flood, or similar emergency are not considered as performing Federal service for the purpose of reporting wages for unemployment compensation benefits. Casuals may furnish statements of earnings to State Unemployment Offices on their own behalf.

19. Federal and State taxes shall be withheld from salary payments. Each casual shall present IRS Form W-4 and W-5, if applicable, at the time of initial hire. If the casual fails to submit a W-4, taxes shall be withheld at the single with no exemption rate. IRS Form W-2 shall be issued to the casual at the end of the year in which reported wages are earned. State taxes shall be withheld for the State, in which the casual is hired, unless the casual requests withholding for another State and submits the appropriate State forms.

20. Casuals under this pay plan cannot supervise, hire, order, or recommend payments that in any way affect a company or contractor that the casual has ownership or employments with, or perform any other financial responsibilities, to, or for, the company or contractor on an incident. If such working conditions exist on an incident or other workplace, the casual must immediately disclose their relationship with the company or contractor to the Agency Administrator, Incident Business Advisor (IBA), or Finance/Administration Section Chief for immediate action.

21. Hiring units shall adhere to agency specific policy on the hiring of relatives as casuals.

F. POSITION CLASSIFICATIONS.

1. Rates are determined according to the job performed. Lengths of service and/or additional qualifications are not used to determine pay rate. Occasional or infrequent duties at a higher level do not justify a change in the pay rate.

2. Positions listed in the Incident Position Matrix which are found in the Wildland Fire Qualification System Guide (PMS 310-1) are designated with an asterisk in the 310-1 column. Individuals must possess a current agency issued incident qualification card (Red Card) showing specific qualification for the position in which they are hired.

3. When casuals work as trainees, they shall be paid one AD rate lower than the full performance AD rate. For example: a fire line squad boss trainee would be paid at the AD-C rate.

4. When casuals attend emergency incident training to qualify for another position they shall be paid one AD rate lower than the full performance rate.

5. When casuals attend refresher training, they shall be paid at their current position qualification rate.

6. The Incident Position Matrix outlines the national standard rates prescribed for positions commonly utilized in the Incident Command System structure.

7. Exception Positions. If none of the positions listed in the Incident Positions Matrix fit the scope of duties for a position needed and the scope of a current emergency warrants, an exception position could be established at the AD-A, AD-B, AD-F, AD-I, and AD-K levels at the local unit by an appropriately delegated hiring official. A brief description of duties must accompany the Single Resource Casual Hire form for audit purposes. The classifications below should be used as guidelines when determining at what level a new position may be established:

- a. AD-A (Exception Position 1). Positions within this level require no specialized skills or training. Performs simple routine, repetitive work tasks under close supervision or following step by step instructions; follows oral or written specific instructions.
- b. AD-B (Exception Position 2). Positions within this level require minimal skills or training. Routine assignments are carried out independently. Oral or written assignments are given with general information on quality, quantity and timeframe expectations.
- c. AD-F (Exception Position 3). Positions within this level require skills acquired through specific job training or experience. Work is performed independently. Interprets instructions, plans work, leads or supervises positions at the next lower level.
- d. AD-I (Exception Position 4). Positions within this level require skills acquired through specific job training, technical education or experience and require the ability to apply or use specialized, complicated techniques or equipment. Instructs others in the requirements of the job, plans work or supervises positions at the next lower level. Requires independent judgment and decision making. Assignments and most problem resolution are completed independently.
- e. AD-K (Exception Position 5). Positions within this level require expert knowledge and very high skill level in applying a wide range of concepts, principles and practices associated with professional or administrative work. Most often positions at this level are commensurate with knowledge gained from successful completion of ICS courses 400 level and above, qualifications at the Type 1 or 2 level, or “ologist” positions that require higher level education or certification. May supervise other professionals or a group of technical specialists.

Level	48 Contiguous States	Alaska	Hawaii
AD-A Exception Position 1	11.16	13.66	13.00
AD-B Exception Position 2	12.28	15.08	14.46
AD-F Exception Position 3	18.10	22.64	22.06
AD-I Exception Position 4	24.52	30.58	30.58
AD-K Exception Position 5	29.60	37.00	37.00

For payment purposes, when completing the OF-288 (Firefighter Time Record) the position code will be recorded as a “THSP” (example: THSP-Exception Position 3)

A trainee hired for an exception position will be paid at the next lower rate, e.g. Exception Position 4 Trainee – AD-H.

INCIDENT POSITION MATRIX
(Correlating Positions in AD Pay Plan
Rates A-M with Incident Command System (ICS))

Note: The abbreviated ICS position code identifiers are in the left hand column. Asterisks in the right hand column reflect that positions and qualifications are listed in PMS 310-1.
