I was here on 9-11 and will never forget; I lost a friend whose wedding I had just attended in New York that summer; living next door to the Pentagon, I saw the damage very close-up. This is a nice remembrance; may they all rest in peace, and God Bless America...

I didn't know any of those who lost their life that awful day 10 years ago, but I still remember it as though it happened yesterday. To all of those that lost their lives myself and my family haven't forgotten. To all of those who are still fighting for our freedom, THANK YOU!!! We love all of you.

Ten years ago today I was working 12 hour shifts, trying to account for all the military personnel TDY to the Pentagon. Not having any way of knowing what hotel they were staying in, we literally went Hotel to Hotel for two weeks until we accounted for everyone.

I will never forget those who lost there lives on 9/11 and will always hold those who committed this act accountable for their actions.

Assigned to Pittsburgh International Airport, I was off on 9/11. After I witnessed the second aircraft hit the World Trade Center I hurried and got dressed in my uniform and raced to the airport knowing the U.S. was under attack, Flight 93 was heading to Pittsburgh, PA. I will never forget this horrific event. My first duty post was Six World Trade Center which was also destroyed from the World Trade Center buildings falling to the ground. God bless all the people who died from this act of terrorism and god bless their souls.
