

AN IMPORTANT MESSAGE FOR HIGH SCHOOL MEN

SOMETHING EVERY YOUNG MAN NEEDS TO KNOW ABOUT SELECTIVE SERVICE

Men 18 through 25 living in America, including documented or undocumented immigrants, must register with Selective Service.

Registration is one of the civic responsibilities every young man inherits as an adult. By registering, he stays eligible for college loans and grants, job training, and federal jobs, and citizenship for immigrants. Many states and municipalities have similar reciprocal eligibility requirements for benefits.

DVD CONTENTS:

Mario Lopez (0:46)

"An Important Message for Young Men" (4:57)

Sean Astin (1:00)

We thank you in advance for your interest in helping young men and their influencers in your community to better understand the rationale and purpose for the civic requirement and legal duty for young men to register.

With your help, no young man should be in violation of the law, or denied the benefit of eligibility for jobs, loans, training, and citizenship because he did not understand the requirement to register with Selective Service.
