

SECTION C

Sales to the United States

I. General Explanation of Section C

This section of the questionnaire provides instructions for reporting your sales of the **subject merchandise** in or to the United States. Normally, we will compare the prices at which this merchandise is sold in the United States with the prices at which the **foreign like product** is sold in the foreign market in order to determine whether the subject merchandise was sold at less than **normal value** in the United States during the period of investigation (“POI”).

Please submit a copy of the computer program/spreadsheet/worksheet that you used to calculate the prices, expenses, and adjustments reported in your U.S. sales lists. The documentation submitted should provide detail on any formulas used for the calculation of the figures provided in the sales lists, identify any factors used therein, and identify the price or unit basis to which the factors are applied.

II. Summary of U.S. Sales File

Please complete the U.S. market sales database summary that appears in Appendix VII.

At the top of the spreadsheet is a place to indicate the date the spreadsheet was submitted to the Department. You are responsible for ensuring that the spreadsheet is consistent with the accompanying narrative response and any accompanying databases submitted on electronic media. Each time you revise your questionnaire response, such as in answer to a supplemental questionnaire, and your response requires a change in a spreadsheet, you must submit a revised spreadsheet with the date the revision is submitted to the Department.

Please submit the worksheet computer file in a standard spreadsheet format such as Excel (.xls). You must include as well a printout of this spreadsheet that is identical in content to the computer file.

If you have any questions concerning completion and submission of this spreadsheet, please contact the official in charge by no later than fourteen calendar days after the issuance of this questionnaire (the issuance date of this questionnaire appears on the first page of the cover letter).

III. Computer File of U.S. Sales

In accordance with the instructions provided in this section, prepare a separate computer data file containing each sale made during the POI of the subject merchandise, including sales of further

manufactured merchandise. Do not report canceled sales. This file format is designed to accommodate **export price** (“EP”) and **constructed export price** (“CEP”) transactions.

For sales of merchandise that has been shipped to the customer and invoiced by the time this response is prepared, each record in the computer data file should correspond to an invoice line item (*i.e.*, each unique product included on the invoice). For sales of merchandise that have not yet been fully shipped and invoiced, separate records should be provided for the shipped and unshipped portions of the sale. For sales shipped in installments, a separate record should be provided for each installment.

Each computer record submitted should contain the information requested concerning the product sold, the terms of the sale, the selling expenses incurred, and other information. The following portion of section C describes the information the Department requires.¹

The chart which follows is a summary of the data fields for the U.S. sales computer file which are described in the remainder of this section of the questionnaire. Please refer to Appendix II Instructions for Submitting Computer Data for instructions on preparing the electronic file.

IV. U.S. Market Sales Reconciliation

Please provide a complete package of documents and worksheets demonstrating how you identified the sales you reported to the Department and reconciling the reported sales to the total sales listed in your general ledger. Include a copy of all computer programs used to separate the reported sales from your total sales and to calculate expenses.

V. Reporting of Expenses

For each expense data field reported in the sales database, using the chart of accounts, please identify the account(s) used to calculate such expense. In addition, for each reported field, provide all sub accounts to the account referenced.

This information can be provided in chart form. For example, for movement expenses, please report the expenses in the following manner:

Field	Main Account	Sub Accounts
Port Charges (PORTCHGU)	Account 030 Handling	Account 031 Port XYZ Account 0312 XXX

Each field used to report expenses should thus identify all accounts which were used to calculate such expense.

VI. Instructions for the Narrative Response and the Computer File of U.S. Sales

The following instructions combine the questionnaire with the computer data file format. "FIELD NUMBER" includes the number and descriptive name of the field in the computer data file. "FIELD NAME" includes the "short" or variable name for the submitted printouts of the data file. "DESCRIPTION" defines the data you should report in the field of the computer data file, and "NARRATIVE" describes the additional information we request you provide, not in the computer data file, but in a narrative response.

Fields 1 through 3.

Report the information requested concerning the product sold. Fields 1 and 2 are reserved for the product code and a matching control number the Department will use in the calculation of the dumping margin. Fields numbered 3.1 to 3.n specify the product characteristics requested by the Department. You may add additional product characteristics. However, if you add characteristics not specified in the questionnaire, describe in the narrative response why you believe that the Department should use this information to define **identical** and **similar merchandise**.

If the product sold was further manufactured in the U.S., report the product code of the product sold in field 1, the control number of the product imported in field 2, and the technical characteristics of the product imported in field 3.1 to 3. n.

FIELD NUMBER 0.0: Sequential Number

FIELD NAME: SEQU

DESCRIPTION: Assign a unique sequential number to each sales record. This sales record number should remain constant in all future submissions (*i.e.*, sales record line items should not be renumbered during the course of this segment). This field will assist you in reconciling our calculations with the data you submit in your response.

FIELD NUMBER 1.0: Complete Product Code

FIELD NAME: PRODCODU

DESCRIPTION: Report the commercial product code assigned by your company in the normal course of business to the specific product sold in the United States.

If the product sold is further manufactured in the United States, report the product code of the product sold not the product imported.

NARRATIVE: The product code should be described in response to question 7 b in section A of this questionnaire.

FIELD NUMBER 2.0: Matching Control Number

FIELD NAME: CONNUMU

DESCRIPTION: Assign a control number to each unique product reported in the section C sales data file. Identical products should be assigned the same control number in each record in every file in which the product is referenced (e.g., products with identical physical characteristics reported in the foreign market sales file and the U.S. market sales file should have the same control number).

If the product sold is further manufactured in the United States, report the control number of the product imported, not of the product sold.

For Department Use only. This box should be deleted prior to sending the questionnaire to respondents.

Fields numbered 3.1 through 3.n are specified for the product characteristics the Department requests each respondent submit. The field names and descriptions should be completed prior to sending the questionnaire to the respondents. A narrative response may be required. For example, if you wish the respondent to provide a description of a particular characteristic, add a "NARRATIVE" request in the field description below.

FIELD NUMBER 6.1: Consolidated Customer Code

FIELD NAME: CCUSCODU

DESCRIPTION: Report only one name or code for each of your customers, even if more than one name or accounting code exists for that customer in your books and records. For example, if you use different codes for regional offices of the same customer, report the same code for this customer, regardless of the location of the office.

NARRATIVE: Provide a list of customer names and codes as an attachment to your response, ensuring that each customer is assigned only one discrete code for this field.

Fields 9 through 15.

Report the information requested concerning the terms of delivery and payment and the dates of the specified events of each sale. Please be sure to report dates in the specified eight-digit format. The Glossary of Terms at Appendix I describes the Department's criteria for determining the date of sale. If you cannot collect the dates of payment in the time allowed for responding to this questionnaire, explain why and do not complete this field. If you collect the information but a particular invoice is unpaid, leave this field blank for that invoice.

FIELD NUMBER 14.0: Terms of Delivery

FIELD NAME: SALETERU

DESCRIPTION: 1 = Delivered
2 = FOB (specify delivery point; *e.g.*, FOB home market seaport)
3 - n Specify other delivery terms as required.

Indicate whether the payment terms are stated or coded on each invoice or, otherwise, how customers agree to payment terms.

The codes for payment terms listed above are examples only. You need not use them.

Fields 16 through 21.

Report the information requested concerning the quantity sold and the price per unit paid in each sale transaction. All **price adjustments** granted, including **discounts** and **rebates**, should be reported in these fields. The gross unit price less price adjustments should equal the net amount of revenue received from the sale. If the invoice to your customer includes separate charges for other services directly related to the sale, such as a charge for shipping, create a separate field for reporting each additional charge. Refer to the Glossary of Terms at Appendix I for a more complete description of each of the price adjustments listed.

FIELD NUMBER 16.0: Quantity

FIELD NAME: QTYU

DESCRIPTION: Report the sale quantity for this transaction. In general, this quantity will be the quantity of the specific shipment or invoice line, net of returns where possible. For sales that have not been fully shipped/invoiced at the time the computer data for this section is prepared, report the quantity of the sale not yet shipped (total quantity sold less the quantity shipped and invoiced to date - and reported in this file in separate records).

For example, assume the date of sale is the date of the customer's order. In the last month the POI a customer orders 100 tons to be shipped in 5 lots of 20 tons each once every 30 days. At the time of preparation of your questionnaire response, 3 of the 5 shipments have been made and an invoice sent for each shipment to the customer.

The file you submit to the Department should contain 4 records: one record for each shipment and invoice and a fourth record for the unshipped amount of 40 tons. For the record containing the unshipped 40 tons, complete the adjustment fields based on estimates.

NARRATIVE: Explain how returns, if you permit them, affect your sales recorded in the general ledger and sales ledger.

FIELD NUMBER 17.0: Quantity Unit of Measure

FIELD NAME: QTYUNITU

DESCRIPTION: Report all sales in this file in the same unit of measure. Use an abbreviation or code to indicate the unit of measure. For example,

- 1 or MT = metric tons
- 2 or KG = kilograms
- 3 – n or specify as needed.

NARRATIVE: Provide a table of the units of measure and abbreviations or codes used.

The codes for unit of measure listed above are examples only. You need not use them.

Please use a single unit of measure for expressing all prices, expenses, and adjustments you report. If you make sales or incur expenses or adjustments using more than one unit of measure, select the predominantly used unit of measure for sales of merchandise to express all reported data. Additionally, in separate fields report the price, expense or adjustment as it appears in your records (*i.e.*, before the conversion to a single unit of measure), and the conversion factor applied to convert the data to a single unit of measure.

*For Department use only. This box should be deleted before sending the questionnaire to respondents.
Language concerning quantity units may need to be modified to address the requirements of a specific proceeding.*

Fields 18 through 56.

Report the sale price, discounts, rebates and all other revenues and expenses in the currencies in which they were earned or incurred. If a revenue or expense field is expressed

in the same currency in all records in the file, simply note the currency name on the descriptive chart requested in Appendix II section B (Instructions for Submitting Computer Data - File Formats). However, if a revenue or expense field is expressed in one currency in certain records and another currency in other records, create a companion field that designates the currency for each record with a code or abbreviation.

FIELD NUMBER 18.0: Gross Unit Price

FIELD NAME: GRSUPRU

DESCRIPTION: Report the unit price as it appears on the invoice for sales shipped and invoiced in whole or in part. To report portions of sales not yet shipped, provide the agreed unit sale price for the quantity that will be shipped to complete the order. This value should be the gross unit price). Discounts and rebates should be reported separately in fields numbered 20.n and 21.n, respectively.

FIELD NUMBER 19.1-n: Billing Adjustments

FIELD NAME: BILLADJU

DESCRIPTION: Report any price adjustments made for reasons other than discounts or rebates. State whether these billing adjustments are reflected in your gross unit price. Report a decrease in price as a negative figure and an increase in price as a positive figure. Report zero in this field if no adjustments were made to the price. Create a separate field for each type of billing adjustment (*e.g.*, corrections of invoicing errors, post-invoicing price adjustments).

NARRATIVE: Describe the nature of each type of billing adjustment that is recognized in your sales records. Describe the document flow employed to process the price changes.

FIELD NUMBER 20.1: Early Payment Discounts

FIELD NAME: EARLPYU

DESCRIPTION: Report the unit value of any discount granted to the customer for

early payment.

NARRATIVE: Explain your policy and practice for granting early payment discounts. Describe the basis for eligibility for such discount. If discounts vary by channel of distribution (field 8) or by customer category (field 7), provide an explanation of the discounts given to each channel or category. Explain how you calculated the per-unit discount. Where available, provide sample documentation, including sample agreements, for this type of discount.

FIELD NUMBER 20.2: Quantity Discounts

FIELD NAME: QTYDISU

DESCRIPTION: Report the unit value of each type of discount granted to the customer due to the quantity of the purchase.

NARRATIVE: Explain your policy and practice for granting quantity discounts. Describe the basis for eligibility for such discounts. If discounts vary by channel of distribution (field 8) or by customer category (field 7), provide an explanation of the discount given to each channel and category. FIELD NUMBER 20.3-n: Other Discounts

FIELD NAME: OTHDIS(1-n)U

DESCRIPTION: Report the unit value of other discounts granted to the customer. Create a separate field for reporting each discount granted.

NARRATIVE: Explain your policy and practice for granting each additional discount. Describe each type of discount granted and the basis for eligibility for such discount. If discounts vary by channel of distribution (field 8) or by customer category (field 7), provide an explanation of the discounts given to each category. Explain how you calculated each additional per-unit discount. Where available, provide sample documentation, including sample agreements, for each type of discount.

FIELD NUMBER 21.1-n: Rebates

FIELD NAME: REBATE(1-n)U

DESCRIPTION: Report the unit value of each rebate given to the customer. Create a separate field for reporting each rebate granted. Rebates should be reported with the sales to which they apply.

NARRATIVE: Explain your policy and practice for granting rebates. Describe the terms and conditions of each rebate program and when the terms and conditions are established in the sales process. If rebates vary by customer category (field 7) or channel of distribution (field 8), provide an explanation of the rebates given to each. For rebates that have not yet been paid, describe how you computed the amount to be rebated. Include your worksheets as an attachment to the response. Where available, provide documentation, including sample agreements, for each type of rebate.

FIELD NUMBER 22.0 Level of Trade

FIELD NAME: LOTU

DESCRIPTION: Report the level of trade. Use an abbreviation or code to indicate the level of trade.

NARRATIVE: Provide a key to any abbreviation or codes used. For CEP sales, the level of trade specified should be that of the sale to your affiliated importer, not the subsequent sale to the first unaffiliated customer.

Fields 23 through 36 - Movement Expenses.

Report the information requested concerning the direct cost incurred to bring the merchandise from the original place of shipment to the customer's place of delivery if included in the price charged to your customer. The Department normally considers the production facility as being the original place of shipment. However, if you are a reseller unaffiliated with the producer of the merchandise, you should treat the original place from which you shipped the merchandise as the original place of shipment. If you report something other than the production facility as the original place of shipment, please provide an explanation in your narrative response.

All the direct costs incurred to transport the merchandise should be reported in these fields. You may add fields, if needed. (Field 35 can be used for other U.S. transportation expenses not requested separately.) For merchandise which was sold during the POI but which has not been shipped at the time of preparation of the response, report estimated charges and your basis for these estimates.

The fields listed below anticipate the types of transport expenses commonly incurred on international shipments. However, it is not uncommon for certain of these transport expenses to be combined in a single fee paid a transport company (*e.g.*, combined ocean transport and U.S. internal transport to the customer's place of delivery). If expenses are combined, do not attempt to separate them but report them in a single field and explain in your narrative response.

FIELD NUMBER 23.0: Inland Freight - Plant to Distribution Warehouse

FIELD NAME: DINLFTWU

DESCRIPTION: Report the unit cost of inland freight from the factory to the distribution warehouse (or other intermediate location) in the country of manufacture. Where it is necessary to allocate because multiple items were included in a shipment, freight cost should be allocated on the basis incurred (*e.g.*, weight, volume). If you ship the merchandise from the factory to the port of exit, report the cost of inland freight in field 25.

NARRATIVE: Describe the forms of transport you used to deliver the merchandise to your distribution warehouse(s) or other intermediate location and any affiliations you had with the carriers during the POI. If you shipped by common carrier, please submit

the specific freight charges incurred on each transaction and the method of allocation, when more than one type or size of merchandise was shipped. If it is not possible to specifically identify the cost of each shipment, describe how you calculated the freight cost per unit. Include your worksheets as attachments to the narrative response.

If you used your own vehicles to deliver the product, explain how you calculated the freight cost for each sale and provide the total expense incurred by type of expense (*e.g.*, fuel). Include your worksheets as attachments to the narrative response.

FIELD NUMBER 24.0: Warehousing Expense

FIELD NAME: DWAREHU

DESCRIPTION: Report the unit cost of **warehousing** expenses incurred in the country of manufacture on sales to the United States. The cost of warehousing reported in this field should include only expenses incurred at a distribution warehouse not located at the factory that produced the merchandise, less any reimbursement received from the customer.

NARRATIVE: Describe the distribution warehousing system you operate and provide a list of the warehouse locations used to distribute the merchandise. Describe any warehousing services provided to customers. Provide a list of customer names and codes that receive warehousing services, including the name and location of the warehouse used. Also, state whether the warehouse is operated by a separate entity that is affiliated with you and describe the nature of the affiliation.

Describe the manner in which you calculated the unit cost of warehousing and submit your worksheets as an attachment to the narrative response. If the warehouse is owned by you or an affiliate, describe how you allocated the cost of the warehouse operations.

FIELD NUMBER 25.0: Inland Freight - Plant/Warehouse to Port of Exportation

FIELD NAME: DINLFTPU

DESCRIPTION: Report the unit cost of inland freight to the port of exportation in the country of manufacture from the factory or distribution warehouse (or other intermediate location). Where it is necessary to allocate because multiple items were included in a shipment, freight cost should be allocated on the basis incurred (*e.g.*, weight, volume).

NARRATIVE: Describe the forms of transport you used to deliver the merchandise to port of exportation in the country of manufacture and any affiliations you had with the carriers during the POI. If you shipped by common carrier, please submit the specific freight charges incurred on each transaction and the method of allocation, when more than one type or size of merchandise was shipped. If it is not possible to specifically identify the cost of each shipment, please describe how you derived the freight cost per unit. Include your worksheets as attachments to the narrative response.

If you used your own vehicles to deliver the product, provide the total expense incurred by type of expense (*e.g.*, fuel) and describe the method you used to allocate the expenses incurred to each sale. Include your worksheets as attachments to the narrative response.

FIELD NUMBER 26.0: Country of Manufacture Inland Insurance

FIELD NAME: INSUREU

DESCRIPTION: Report the unit cost of inland insurance on shipments from the factory or distribution warehouse (or other intermediate location) to the domestic port of exportation in the country of manufacture.

NARRATIVE: Describe how you calculated the unit cost of inland insurance incurred in the country of manufacture and include your worksheets as attachments to the narrative response.

FIELD NUMBER 27.0: Brokerage and Handling Incurred in the Country of Manufacture

FIELD NAME: DBROKU

DESCRIPTION: Report the unit cost of any brokerage and handling incurred in the

country of manufacture on sales to the United States.

NARRATIVE: Describe how you calculated the unit cost of brokerage and handling incurred in the country of manufacture and include your worksheets as attachments to the narrative response.

FIELD NUMBER 28.0: Brokerage and Handling Incurred in the United States

FIELD NAME: USBROKU

DESCRIPTION: Report the unit cost of any brokerage and handling incurred in the United States on sales to the United States.

NARRATIVE: Describe how you calculated the unit cost of brokerage and handling incurred in the United States and include your worksheets as attachments to the narrative response.

FIELD NUMBER 29.0: International Freight

FIELD NAME: INTNFRU

DESCRIPTION: Report the unit cost of ocean freight or air freight incurred on shipments from the port of exit in the country of manufacture to the U.S. port of entry.

NARRATIVE: Indicate whether the ocean freight carrier is affiliated. Supply any contracts or tariff rate agreements with carriers that apply to the merchandise under investigation. Describe how you calculated the unit cost of ocean freight and include your worksheets as attachments to the narrative response.

FIELD NUMBER 30.0: Marine Insurance

FIELD NAME: MARNINU

DESCRIPTION: Report the unit cost of marine insurance incurred on shipments from the port of exit in the country of manufacture to the U.S. port of entry.

NARRATIVE: Describe how you calculated the unit cost of marine insurance and

include your worksheets as attachments to the narrative response.

FIELD NUMBER 31.0: U.S. Inland Freight from Port to Warehouse

FIELD NAME: INLFPWU

DESCRIPTION: For CEP sales, report the unit cost of any freight incurred on shipments from U.S. port of entry to the affiliated reseller's U.S. warehouse or other intermediate location. For EP sales, report the unit cost of freight from the port of entry to an intermediate location.

NARRATIVE: Describe how you calculated the unit cost of inland freight from the port to the warehouse and include your worksheets as attachments to the narrative response.

FIELD NUMBER 32.0: U.S. Warehousing Expense

FIELD NAME: USWAREHU

DESCRIPTION: Report the unit cost of warehousing expenses incurred in the United States. The cost of warehousing reported in this field should include only expenses incurred at a warehouse not located at the distribution facility that sold the merchandise. In the case of merchandise processed further in the United States, report only expenses incurred at a warehouse not located at the facility that processed the merchandise. Reduce the cost of warehousing by any reimbursement received from the customer. Warehousing expenses might be incurred if just-in-time delivery or inventory segregation are conditions of sale.

NARRATIVE: Describe the distribution warehousing system you operate and provide a list of the warehouse locations used to distribute the foreign like product. Describe any warehousing services provided to customers. Provide a list of customer names and codes that receive warehousing services, including the name and location of the warehouse used. Also, state whether the warehouse is operated by a separate entity that is affiliated with you and describe the nature of the affiliation.
