REV 3

### NEPA REVIEW SCREENING FORM

Document ID Number:

DOE/CX-00049

**I. Project Title:**

Washington River Protection Solutions (WRPS) LLC -Proposed Actions For CY 2012 Scheduled To Take Place Under CX B1.15, "Support Buildings"

**II. Project Description and Location (including Time Period over which proposed action will occur and Project Dimensions - e.g., acres displaced/disturbed, excavation length/depth, etc.):**

WRPS will site, construct, operate small scale support buildings & structures, & undertake small-scale modifications of existing buildings & structures on & near the Hanford Site during CY 2012. WRPS will perform all activities in accordance with the categorical exclusion (CX) limitations set forth in 10 CFR 1021, Appendices A, B to Subpart D, and CX B1.15. WRPS' facilities include all those identified in the Tank Operations Contract Sections J.13 & J.14. Activities would include, but are not limited to:

- Siting, construction or modification, & operation of new buildings & support structures (including, but not limited to, trailers, prefabricated buildings, connex boxes, dumpsters/waste disposal containers, & ERDF Roll-Off Boxes)
- Additional activities necessary to support use of these structures such as: construction of small septic tank systems, electrical hookup (to either a portable generator or on-site power), water hookup, phone &/or HLAN hookups, installation of stairs/stairways, ramps, skirting, tie-downs, & construction of parking lots, walkways, & lighting as needed to accommodate access & support operations.
- Modification of heating, ventilation, air conditioning systems.
- Moving or relocating equipment, trailers, & any other materials necessary to implement or support the proposed actions.

All locations are culturally exempt (see PNL-7264 & Battelle 9405630) &/or covered under NHPA Section 106 review, HCRC# 2003-200-044. The majority of the facilities are historical non-contributing/exempt (see DOE/RL-97-56). Any non-exempt facilities will have the appropriate cultural reviews obtained as needed. No ecological or biological impacts will occur as, 1) all work activities (including staging &/or laydown areas) will be performed within or contiguous to an already developed area (where active site utilities, roads are readily accessible & no habitat/vegetation will be disturbed), 2) the buildings/ structures & any associated equipment will never be located on an undisturbed or vegetated area, & 3) the buildings/structures & associated equipment will always be walked down for wildlife/migratory birds prior to any relocation &/or installation. If any cultural or ecological issues are identified, the buildings/structures & associated equipment will not be relocated, installed, or operated until the identified issue(s) have been appropriately dealt with as required by relevant company or Hanford Site procedures and regulations.

**III. Reviews (if applicable):**

Biological Review Report #: N/A

Cultural Review Report #: PNL-7264, Battelle Letter 9405630, HCRC# 2003-200-044, & DOE/RL-97-56 R1

Additional Attachments:

**IV. Existing NEPA Documentation (see Steps 3 and 4 of Contractor Screening Process)**

YES NO

Is the proposed action evaluated in a previous EA, EIS, or under CERCLA?

If "NO," proceed to Section V. If "YES," List EA, EIS, or CERCLA Document(s) Title and Number:

And then complete Section VII and provide electronic copy of Initiator/ECO signed NRSF to DOE NCO for information (see Step 6 of Contractor Screening Process).

**V. Sitewide Categorical Exclusion (see Step 5 of Contractor Screening Process)**

YES NO

Does the proposed action fit within the scope of actions identified in a DOE Hanford NCO-approved sitewide categorical exclusion?

If "NO," proceed to Section VI.

If "YES," list Sitewide Categorical Exclusion to be applied and complete Sitewide Categorical Exclusion Criteria:
