

INFORMATION + DIRECTIONS FOR WRD SPEAKERS

Thank you for coming to give a seminar as part of our Water Resources Discipline seminar series!

Time: 11AM (unless otherwise stated). Talks are scheduled for 1 hour, but we recommend leaving 10-15 minutes for questions. Please meet your host in the room **20 minutes** prior to your seminar so that we may get you set up, iron out any technical difficulties, and have time to chat.

Audience: Depending on the topic you can generally expect anywhere from 15 – 45 people with backgrounds in hydrology, chemistry, geology, microbiology, ecology, toxicology and mathematical modeling.

Audiovisual: Please let us know in advance what you require. We have computer, slide and overhead projectors. If you would like to use a computer projector you can either bring your own laptop or bring the presentation on CD or USB drive. Let us know if you will need a PC (we have no MAC laptops. If you do use your own MAC, you will need to provide the special adapter to hook-up to the projector). Most of our seminars are broadcast live over the internet and archived for future viewing.

Location: The Menlo Park Campus of the U.S. Geological Survey is located at 345 Middlefield Road Menlo Park, California 94025-3591. WRD seminars are held in the Building 3 auditorium 3240 (unless otherwise stated). See the map of the campus and directions on the following page.

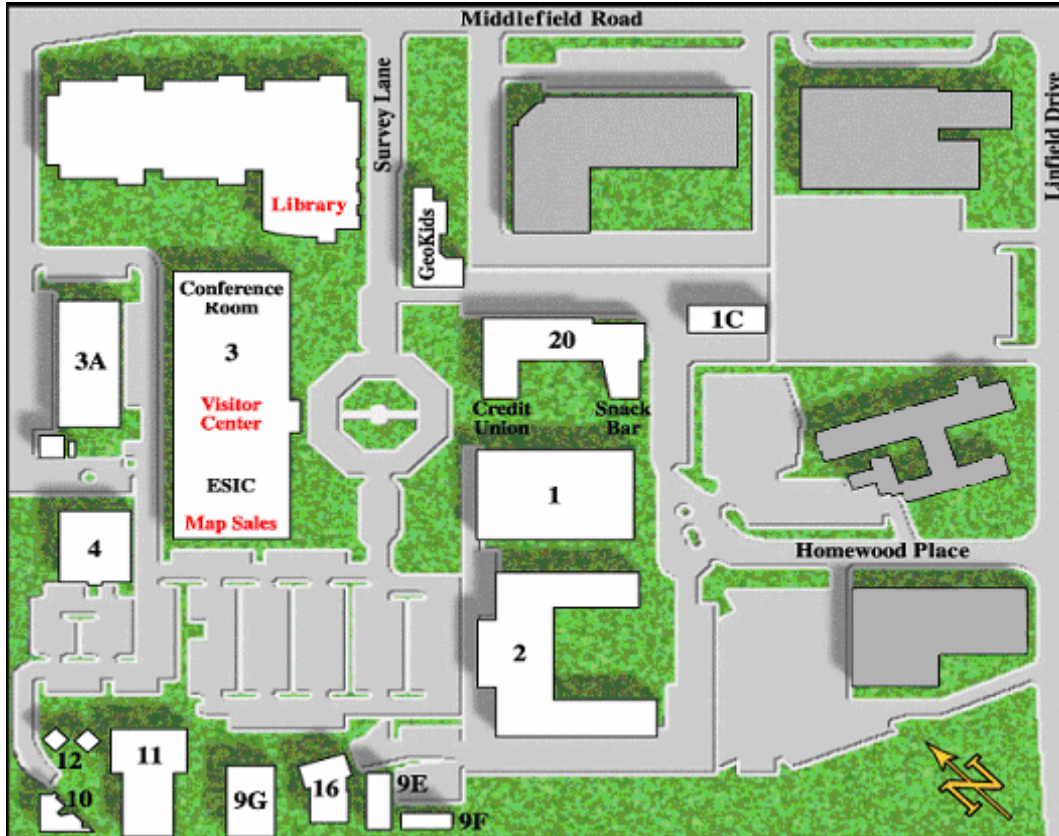

Parking: The easiest and best place to park is the guest parking found on the traffic circle in front of the building 3 Visitor Center, just past where you enter on Survey Lane. If this is full, you may park in any lot on the campus.

CONTACTS: *If you are late or lost please call your host*

- Michelle Hornberger (650) 329-4467
- Megan Young (650) 329-4544
- Chris Green (650) 329-4728
- Francis Parchaso (650) 329-4586

Map of the Menlo Park USGS campus

Directions:

- **Driving US 101**, take the Willow Road exit west to Menlo Park. DRIVE 1 mile to Middlefield Road, TURN RIGHT (northwest), DRIVE 2 blocks, and TURN LEFT on Survey Lane at 345 Middlefield Road.
- **Driving El Camino Real (US 82)**, TURN NORTHEAST on Ravenswood Road in Menlo Park, DRIVE to the T-junction at Middlefield Road, TURN RIGHT and proceed 2 blocks to the USGS main entrance at 345 Middlefield Road, and TURN RIGHT (southwest) on Survey Lane at 345 Middlefield Road.
- **Public Transportation** on the Peninsula, TAKE Caltrain to the Menlo Park Station, and then the SamTrans Bus 296 (Purdue and Fordham) to the campus. [Or, it's less than a mile walk from the train station to the campus.]
- **Walk to the Campus** from the Caltrain station, head south from the train station about 100 yards to Ravenswood Avenue. TURN LEFT (northeast) and walk down Ravenswood about a half a mile to Middlefield Road, turn right (southeast) and the campus is on the right hand side of the street. TURN RIGHT (west) on Survey Lane.

Other maps of Menlo Park and the surrounding area can be found at <http://online.wr.usgs.gov/kiosk/mparea3.html>
