Institute for Water Resources

BUILDING STRONG®

Environmental Advisory Board (2012)

Status: **Project Manager:**

In Progress [Robert Brumbaugh](#)

Purpose: IWR leads the technical support team to the Chief of Engineers Environmental Advisory Board (EAB). This support team also includes HQ and ERDC staff. IWR supports the Executive Secretary of the EAB as the Alternate Designated Federal Officer to the Chief EAB.

Objective: IWR provides technical support as needed to the EAB to enable the members to better advise the Chief of Engineers.

Benefits: The EAB provides advice to the Chief and support to the Corps towards meeting the Environmental Operating Principles.
