

**Errata No. 2 to  
2012 Power Rate Schedules and General Rate Schedule Provisions  
(FY 2012-2013), October 2011**

2012 Power Rate Schedules and General Rate Schedule Provisions (FY 2012-2013), October 2011; Section II. Adjustments, Charges, and Special Rate Provisions; Sub-section I. Load Shaping Charge True-up Adjustment; Paragraph 3. Special Implementation Provision (page 55):

**Amend the third paragraph of the above-cited text by inserting the bolded and underscored text as follows:**

If the Annual Deviation is negative or equal to zero and the absolute value of the Annual Deviation is less than the Customer's Above-RHWM load, then the Special True-up Credit billing determinant is **negative one (-1) multiplied by** the smallest of: i) the Customer's Above-RHWM load; ii) the Above-RHWM load minus the absolute value of the Annual Deviation; or iii) the Above-Forecast Amount.
