

USDA-APHIS Approved Facilities for Hosts of *Phytophthora ramorum*
As of December 21, 2012

The importation of host plants for planting (**except** seeds) as listed in the *Plants for Planting Manual* from a country where *Phytophthora ramorum* is present may enter the United States **only** if sent from an approved facility (place of production) listed in the table below. The approved facility's registry number can be found in the additional declaration field of the phytosanitary certificate accompanying the shipment and **must** match one of the registry numbers listed below.
