In addition, Contractor shall conduct a continuous program of quality control for all work. When requested by the Buyer, Contractor's quality control program and inspection procedures for the foregoing shall be submitted in writing to Buyer for review and approval, in sufficient detail to delineate those items to be inspected and the manner in which they are to be inspected, and shall adequately describe all quality control activities contemplated, including provision for adequate documentation of Contractor's performance of such quality control and inspection.

Contractor shall certify that all appropriate flow-down provisions and requirements have been included in the subcontract. When requested by Buyer, Contractor shall furnish Buyer a copy of the proposed subcontract demonstrating that all appropriate flow-down provisions and requirements are specifically delineated in the subcontract and will be met. Buyer reserves the right to: 1) reject any proposed subcontract or subcontractor as incomplete or unsuitable, 2) require submittal of the proposed subcontract before contract award or prior to performance of any work on site 3) require the replacement, at contractor's expense, of any subcontractor who fails to adhere to all of the applicable provisions and requirements of this contract. - B. Contractor is responsible for contract performance and performance of its subcontractors regardless of having notified Buyer of the intent to subcontract. On request of Buyer any subcontractor not performing in accordance with the terms of this contract shall be replaced at no additional cost to Buyer and shall not be employed again on the work.

3.8 COUNTERFEIT FASTENERS AND COMPONENTS

Buyer reserves the right to question and/or require Contractor to certify and/or furnish proof regarding the quality, authenticity, application or fitness for use of the items supplied by the Contractor under this Contract. Any items furnished as part of this Contract and which have been previously found by Buyer, the Department of Energy, or the Department of Commerce to be counterfeit or which are listed by the Department of Commerce to be suspect will be deemed to be subject to the above requirement of further proof or certification. Buyer also reserves the right to question the related circumstances and make available a report of any such review to the Government. All costs associated with conducting inquiries into and reporting on fasteners and components determined to be counterfeit shall be recovered by Buyer from Contractor.

3.9 DELIVERABLES AND CORRESPONDENCE

Unless otherwise specified, all correspondence, reports and data deliverables provided to the Buyer shall be legible, written in clear and concise English, identified with the date and/or unique identifier and if applicable the contract number.

3.10 HAZARDOUS SUBSTANCE CONTROL

Contractor shall not, under any circumstances, cause or permit, in connection with the work to be performed hereunder, the discharge, emission or release of any hazardous substance and/or waste, pollutant, contaminant or other substance in violation of any applicable laws, rules or regulations which are now or hereafter promulgated by any governmental authorities having jurisdiction over the work. Contractor shall comply with all legal regulatory requirements applicable to the work performed under this Contract and shall be responsible for compliance with all hazardous waste, health and safety, notice, training, and environmental protection laws, rules, regulations and requirements. "Hazardous waste" includes all substances which are or may be identified as such in 40 CFR, Part 261 or other applicable laws or regulations. Contractor shall submit to Buyer material safety data sheets (OSHA Form 20) as required by applicable regulation. As an inducement to award of this Contract, Contractor warrants full compliance and that it will adhere to all applicable project hazardous waste procedures and if necessary, obtain or arrange for at its expense all identification numbers, permits, applications and other things required in connection with the activities under this Contract. Contractor agrees that it will not store any hazardous wastes at the jobsite for periods in excess of ninety (90) days or in violation of the applicable jobsite storage limitations imposed by law, the Government or Buyer, whichever shall be more restrictive. 4.0 WARRANTY

- A. Contractor warrants that the work shall comply strictly with the provisions of this Contract and all specifications, drawings and standards referred to in this Contract or thereafter furnished by Buyer, and that the work shall be first-class in every particular and free from defects in materials and workmanship and in any design or engineering furnished by Contractor. Contractor further warrants that all materials, equipment and supplies furnished by Contractor for the work shall be new, merchantable, of the most suitable grade and fit for their intended purposes unless specifically provided in this Contract. Without limitation of any other rights or remedies of Buyer, if any defect in the work in violation of the foregoing warranties arises within the period set forth below, Contractor shall, upon receipt of written notice of such defect, promptly furnish, at no cost to Buyer, design and engineering, labor, equipment and materials necessary to correct such defect and cause the work to comply fully with the foregoing warranties.
- B. Contractor's warranties set forth in subparagraph A shall extend for twenty-four (24) months after the date of final written acceptance of the work by Buyer, or eighteen (18) months after the start of regular operation or use of the work by Buyer, whichever occurs first. Any period wherein the work is not available for use due to defects in materials, workmanship or engineering furnished by Contractor shall extend the warranty period by an equal period of time.
- C. Design and engineering, labor, equipment and materials furnished by Contractor pursuant to subparagraph A to correct defects shall be warranted by Contractor in accordance with the warranties set forth in subparagraph A for a period of eighteen (18) months from the date of completion of the correction, or for the remainder of the warranty period set forth in subparagraph B above, whichever is longer.
- D. In the event Contractor shall have been notified of any defects in the work in violation of Contractor's foregoing warranties and shall fail to promptly and adequately correct such defects, Buyer will have the right to correct or to have such defects corrected for the account of Contractor, and Contractor shall promptly pay Buyer the costs incurred in correcting such defects.
- E. Contractor shall obtain from suppliers or vendors, warranties consistent with (A) – (D) covering any commercial or manufactured goods incorporated into the work provided under this contract.

5.0 TIMING OF WORK

5.1 REPORTING AND COORDINATION

- A. During the performance of work, Contractor shall submit to Buyer periodic progress reports on the actual progress and updated schedules as may be required by this Contract or requested by Buyer. In the event Contractor's performance of the work is not in compliance with the schedule established for such performance, Buyer may, in writing, require the Contractor to submit its plan for schedule recovery, or specify in writing the steps to be taken to achieve compliance with such schedule, and/or exercise any other remedies under this Contract. Contractor shall thereupon take such steps as may be directed by Buyer or otherwise necessary to improve its progress without additional cost to Buyer.
- B. Contractor recognizes that Buyer, the Government, other contractors and subcontractors may be working concurrently at the jobsite. Contractor agrees to cooperate with Buyer, the Government and other contractors and subcontractors so that the project as a whole will progress with a minimum of delays. Buyer reserves the right to direct Contractor to schedule the order of performance of its work in such manner as not to interfere with the performance of others.
- C. If any part of Contractor's work is dependent upon the quality and/or completeness of work performed under another contract, Contractor shall inspect such other work and promptly report to Buyer any defects therein which

render such work unsuitable for the proper execution of the work under this Contract. Failure to make such inspections or to report any such defects to Buyer shall constitute Contractor's acceptance of such other work as suitable to receive Contractor's work; provided however, that Contractor shall not be responsible for defects that could not have reasonably been detected.

5.2 OVERTIME

Unless expressly stated elsewhere in this Contract, work on the Hanford site shall be compatible with Buyer's starting and quitting times, or other times approved by Buyer. Buyer must approve scheduled overtime work by Contractor in advance and in writing. Contractor shall notify Buyer in advance of any incidental overtime that Contractor elects to work due to such operations as concrete placement, nondisruptable work activities and emergencies to protect life and/or property. Overtime work, whether scheduled or incidental, shall be to Contractor's account unless the compensation therefore is specifically authorized in writing by Buyer. In the event Buyer approves compensation of Contractor's overtime in advance, such compensation as separately authorized shall be limited to the actual cost to Contractor of the premium portion only of all applicable wages, craft fringe benefits, and payroll burdens imposed by any governmental authority and measured by the compensation payable to employees. To establish the amount of payment, Contractor shall submit supporting documents satisfactory in form and content to Buyer for its verification and approval.

5.3 DELAYS – FORCE MAJEURE

- A. In the event Contractor or Buyer is delayed in performing any of their respective obligations in this Contract and such delay is caused by acts of God, war, riots, civil insurrection, acts of the public enemy, accidents, acts of civil or military authority, fires, floods, or earthquakes, beyond the reasonable control of the party delayed, such delay will be excused and the period of such delay will be added to the time for performance of the obligation delayed, unless the date, schedule or time period for performance of the obligation is expressly stated in this Contract to be guaranteed. In the event any delay due to the foregoing causes or events occurs or is anticipated, the party delayed or anticipating delay shall promptly notify the other party in writing of such delay or expected delay and the cause and estimated duration of such delay. In the event of a delay due to the foregoing causes or events, the party delayed shall, at no cost to the other party, exercise due diligence to shorten and avoid the delay and shall keep the other party advised as to the continuance of the delay and steps taken to shorten or terminate the delay.
- B. Contractor shall, within five (5) working days of the commencement of any delay, give to Buyer written notice thereof and of the anticipated effects thereof. Within two (2) working days of the termination of any delay, Contractor shall file a written notice with Buyer specifying the actual duration of the delay. If Buyer determines that a delay was beyond the control and without the fault or negligence of Contractor, Buyer will determine the duration of the delay and shall extend the time of performance of this Contract thereby.
- C. Contractor shall not be entitled to, and hereby expressly waives recovery of, any damages suffered by reason of delays of any nature, and extension of time shall constitute the sole liability of Buyer and Contractor's sole remedy for delays.

5.4 POSSESSION PRIOR TO COMPLETION

Buyer and/or the Government shall have the right to move into Contractor's working and storage areas and the right to take possession of or use any completed or partially completed part of Contractor's work as Buyer or the Government deem necessary for their operations. In the event Buyer or the Government desires to exercise the foregoing right, Buyer will so notify Contractor in writing. Such possession or use shall not constitute acceptance of Contractor's work.

5.5 NOTICE OF COMPLETION AND FINAL ACCEPTANCE

- A. When Contractor deems the work fully completed, including satisfactory completion of such inspections, tests and documentation as are specified in this Contract, Contractor shall, within ten (10) working days thereafter, give a

written Notice of Completion of the work to Buyer, specifying the work completed and the date it was completed. Within thirty (30) calendar days after receipt of said Notice of Completion, Buyer may inspect the work and shall either reject the Notice of Completion and specify defective or uncompleted portions of the work, or shall give the Contractor a written Notice of Acceptance of the work either for the purpose of final payment only, or for the purposes of final payment and final acceptance.

- B. In the event Buyer rejects the Notice of Completion and specifies defective or uncompleted portions of the work, Contractor shall within five (5) working days, provide for Buyer review and approval, a schedule detailing when all defects will be corrected and/or the work will be completed and shall proceed to remedy such defective and uncompleted portions of the work. Thereafter, Contractor shall again give Buyer a written Notice of Completion of the work, specifying a new date for the completion of the work based upon the date such defective or uncompleted portions of the work were corrected. The foregoing procedure shall apply again and successively thereafter until Buyer has given Contractor written Notice of Acceptance for purposes of final payment and final acceptance.
- C. Any failure by Buyer to inspect or to reject the work or to reject Contractor's Notice of Completion as set forth above, shall not be deemed to be acceptance of the work for any purpose by Buyer nor imply acceptance of, or agreement with, said Notice of Completion.

6.0 CHANGES

6.1 NOTIFICATION OF CHANGES

- A. The primary purpose of this clause is to obtain prompt reporting of Buyer conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contract Specialist, the Contractor shall notify the Contract Specialist in writing promptly, within 5 calendar days from the date that the Contractor identifies any Buyer conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state:
1. The date, nature, and circumstances of the conduct regarded as a change;
 2. The name, function, and activity of each Buyer individual and Contractor official or employee involved in or knowledgeable about such conduct;
 3. The identification of any documents and the substance of any oral communication involved in such conduct;
 4. In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
 5. The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including:
 - (i) What contract line items have been or may be affected by the alleged change;
 - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
 6. The Contractor's estimate of the time by which the Buyer must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

- B. Following submission of the notice required by paragraph (A) of this clause, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor.
- C. The Contract Specialist will promptly respond to the notice in writing. In responding, the Contract Specialist shall either—
1. Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;
 2. Countermand any communication regarded as a change;
 3. Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or
 4. In the event the Contractor's notice information is inadequate to make a decision under paragraphs C 1, 2, or 3 of this clause, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Buyer will respond.
- D. Equitable adjustments.
1. If the Contract Specialist confirms that Buyer conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made—
 - (i) In the contract price or delivery schedule or both; and
 - (ii) In such other provisions of the contract as may be affected.
 2. The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Buyer is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contract Specialist under this clause is included in the equitable adjustment, the Contract Specialist will have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in paragraphs (a) and (b) of this clause.

6.2 CHANGES

- A. The Buyer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one or more of the following:
1. Drawings, designs, or specifications when the supplies to be furnished are to be specially manufactured for the Government in accordance with the drawings, designs, or specifications.
 2. Method of shipment or packing.
 3. Place of delivery.
- B. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Contract Specialist will make an equitable adjustment in the contract price, the delivery schedule, or both, and shall modify the contract.

- C. The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Contract Specialist decides that the facts justify it, the Contract Specialist may receive and act upon a proposal submitted before final payment of the contract.
- D. If the Contractor's proposal includes the cost of property made obsolete or excess by the change, the Contract Specialist will have the right to prescribe the manner of the disposition of the property.
- E. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

6.3 SUSPENSION OF WORK

- A. Buyer may at any time, and from time to time, by written notice to Contractor suspend further performance of all or any portion of the work by Contractor. Said notice of suspension shall specify the date of suspension and the estimated duration of the suspension. Such suspensions shall not exceed one hundred eighty (180) consecutive calendar days each nor aggregate more than two hundred seventy (270) calendar days. Upon receiving any such notice of suspension, Contractor shall promptly suspend further performance of the work to the extent specified, and during the period of such suspension shall properly care for and protect all work in progress and materials, supplies and equipment Contractor has on hand for performance of the work. Upon the request of Buyer, Contractor shall promptly deliver to Buyer copies of outstanding subcontracts of Contractor, and shall take such action relative to such subcontracts as may be directed by Buyer. Contractor shall use its best efforts to utilize its material, labor and equipment in such a manner as to mitigate costs associated with suspension. Buyer may at any time withdraw the suspension of performance of the work as to all or part of the suspended work by written notice to Contractor specifying the effective date and scope of withdrawal, and Contractor shall resume diligent performance of the work for which the suspension is withdrawn on the specified effective date of withdrawal.
- B. If Contractor believes that any such suspension or withdrawal of suspension will have a cost or schedule impact, then Contractor shall comply with the "Notice of Change" provisions. Contractor shall not be entitled to any prospective profits or any damages because of such suspension or withdrawals of suspension.

7.0 TERMINATION

7.1 TERMINATION FOR CONVENIENCE

- A. Buyer may terminate performance of work under this Contract in whole or in part if Buyer determines that a termination is in Buyer's interest. Buyer will terminate by delivering to the Contractor a Notice of Termination for Convenience specifying the extent of termination and the effective date.
- B. After receipt of a Notice of Termination, and except as directed by Buyer, the Contractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this Clause:
 - 1. Stop work as specified in the notice.
 - 2. Place no further subcontracts or orders (referred to as subcontracts in this Clause) for materials, services, or facilities, except as necessary to complete the continued portion of the Contract.
 - 3. Terminate all subcontracts to the extent they relate to the work terminated.
 - 4. Assign to the Government, as directed by Buyer, all right, title, and interest of the Contractor under the subcontracts terminated, in which case Buyer will have the right to settle or to pay any termination settlement proposal arising out of those terminations.

5. Proposed settlements arising from the termination of subcontracts require the approval of Buyer prior to final settlement with the subcontractor.
 6. As directed by Buyer, transfer title to the Government and deliver to Buyer (1) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated and (2) the completed or partially completed plans, drawings, information, and other property that, if the Contract had been completed, would be required to be furnished to Buyer.
 7. Complete performance of the work not terminated.
 8. Take any action that may be necessary, or that Buyer may direct, for the protection and preservation of the property related to this Contract that is in the possession of the Contractor and in which the Government has or may acquire an interest.
 9. Use its best efforts to sell, as directed or authorized by Buyer, any property of the types referred to in subparagraph -B.6 above; provided, however, that the Contractor (1) is not required to extend credit to any purchaser and (2) may acquire the property under the conditions prescribed by, and at prices approved by, Buyer. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by Buyer under this Contract, credited to the price or cost of the work, or paid in any other manner directed by Buyer.
- C. After termination, the Contractor shall submit a final termination settlement proposal to Buyer in the form and with the certification prescribed by Buyer. The Contractor shall submit the proposal promptly, but no later than one year from the effective date of termination, unless extended in writing by Buyer upon written request of the Contractor within this one-year period. However, if Buyer determines that the facts justify it, a termination settlement proposal may be received and acted on after one year or any extension. If Contractor fails to submit the proposal within the time allowed, Buyer may determine, on the basis of information available, the amount, if any, due the Contractor because of the termination and shall pay the amount determined.
- D. Subject to paragraph C. above, the Contractor and Buyer may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work completed. However, the agreed amount, whether under this paragraph or paragraph E. below, exclusive of costs shown in subparagraph E. 3. below, may not exceed the total Contract price as reduced by (1) the amount of payments previously made and (2) the Contract price of work not terminated. The Contract shall be amended, and the Contractor paid the agreed amount. Paragraph E. below shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- E. If the Contractor and Buyer fail to agree on the whole amount to be paid because of the termination of work, Buyer will pay the Contractor the amounts determined by Buyer as follows, but without duplication of any amounts agreed on under paragraph D. above.
1. The Contract price for completed supplies or services accepted by Buyer (or sold or acquired under subparagraph B.9. above) not previously paid for, adjusted for any saving of freight and other charges.
 2. The total of:
 - a. The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph 1. above.
 - b. The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract if not included in subdivision 2. a. above; and
 - c. A sum, as profit on subdivision 2. a. above, determined by Buyer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this Contract, to be fair and reasonable; however, if it appears that the

Contractor would have sustained a loss on the entire Contract had it been completed, Buyer will allow no profit under this subdivision 2. c. and shall reduce the settlement to reflect the indicated rate of loss.

3. The reasonable costs of settlement of the work terminated, including:
 - a. Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - b. The termination and settlement of subcontracts (excluding the amounts of such settlements); and
 - c. Storage, transportation, and other cost incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

- F. Except for normal spoilage, and except to the extent that Buyer expressly assumed the risk of loss, Buyer will exclude from the amounts payable to the Contractor under paragraph E. above, the fair value, as determined by Buyer, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to the Government or to Buyer.

- G. The cost principles and procedures of Part 31 of the Federal Acquisition Regulation, in effect on the date of this Contract, shall govern all costs claimed, agreed to, or determined under this Clause.

- H. If Buyer has made a determination of the amount due under paragraphs C., E., or J., Buyer will pay the Contractor the amount determined by Buyer.

- I. In arriving at the amount due Buyer under this Clause, there shall be deducted –
 1. All unliquidated advance or other payments to the Contractor under the terminated portion of this Contract;
 2. Any claim which Buyer has against the Contractor under this Contract; and
 3. The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Contractor or sold under the provisions of this Clause and not recovered by or credited to Buyer.

- J. If the termination is partial, the Contractor may file a proposal with Buyer for an equitable adjustment of the price(s) of the continued portion of the Contract. Any proposal by the Contractor for an equitable adjustment under this Clause shall be requested within 90 days from the effective date of termination unless extended in writing by Buyer.
 1. Buyer may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Contractor for the terminated portion of the Contract if Buyer believes the total of these payments will not exceed the amount to which the Contractor may be entitled.
 2. If the total payments exceed the amount finally determined to be due, the Contractor shall repay the excess to Buyer upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Contractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Contractor's termination settlement proposal because of the retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by Buyer because of the circumstances.

- K. Unless otherwise provided in this Contract or by statute, the Contractor shall maintain all records and documents relating to the terminated portion of this Contract for three years after final settlement. This includes all books and other evidence bearing on the Contractor's costs and expenses under this Contract. The Contractor shall make these records and documents available to Buyer, or the Government at the Contractor's office, at all reasonable times,

without any direct charge. If approved by Buyer, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

7.2 TERMINATION FOR DEFAULT

- A. The Buyer may, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to—
 - 1. Deliver the supplies or perform the services within the time specified in this Contract or any extension;
 - 2. Make progress, so as to endanger performance of this Contract; or
 - 3. Perform any of the other provisions of this Contract.
- B. The Buyer may terminate this Contract for default if the Contractor does not cure such failure within 10 days (or more if authorized in writing by Buyer) after receipt of the notice from Buyer specifying the Contractor's default.
- C. If Buyer terminates this Contract in whole or in part, it may acquire, under the terms and in the manner Buyer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to Buyer for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.
- D. The Contractor shall not be held in default for causes beyond the control and without the fault or negligence of the Contractor. - E. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be held in default, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.
- F. If this Contract is terminated for default, Buyer may require the Contractor to transfer title and deliver to the Government, as directed by Buyer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and Contract rights (collectively referred to as "manufacturing materials" in this Clause) that the Contractor has specifically produced or acquired for the terminated portion of this Contract. Upon direction of Buyer, the Contractor shall also protect and preserve property in its possession in which the Government has an interest.
- G. The Buyer will pay Contract price for completed supplies delivered and accepted. The Contractor and Buyer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property. Failure to agree will be a dispute under the Disputes Clause. Buyer may withhold from these amounts any sum Buyer determines to be necessary to protect Buyer and the Government against loss because of outstanding liens or claims of former lien holders.
- H. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of Buyer.
- I. The rights and remedies of Buyer in this Clause are in addition to any other rights and remedies provided by law or under this Contract.

Irrespective of the place of performance, this Contract will be construed and interpreted according to the Federal Common Law of Government Contracts as enunciated and applied by Federal judicial bodies, Boards of Contract Appeals and quasi-judicial agencies of the Federal Government. To the extent that the Federal Common Law of Government Contracts is not dispositive, the law of the State of Washington shall apply. In the event that either party hereto must resort to litigation to enforce a right or remedy conferred by law, equity or the provisions of this Contract, the parties hereby consent to the action being brought in the court of competent jurisdiction in the state of Washington.
- B. Contractor shall comply strictly with local, municipal, state, federal and governmental laws, orders, codes, rules, ordinances, and regulations applicable to Contractor's operations in the performance of the work hereunder.
- C. Contractor shall not, under any circumstances, apply to or enter into negotiations with any governmental authority or agency for acceptance of variations from or revisions to safety or health, or air, water, or noise pollution laws or regulations relating to this Contract or to the performance thereof, without Buyer's prior written approval.

14.2 ASSIGNMENT

- A. Neither this Contract nor any interest therein nor claim hereunder shall be assigned or transferred by the Contractor except as expressly authorized in writing by Buyer. This shall include assignments of Contractor's accounts receivable.

- B. Buyer may assign this Contract, in whole or in part to DOE or to such party as DOE may designate to perform Buyer's obligations hereunder. Upon receipt by Contractor of written notice that the DOE or a party so designated by DOE or Buyer has accepted an assignment of this Contract, Buyer will be relieved of all responsibility hereunder and Contractor shall thereafter look solely to such assignee for performance of Buyer's obligations.

14.3 ARBITRATION OPTION

In the event that Buyer is required to arbitrate a dispute with a third party, which dispute arises out of or is directly related to this Contract, Contractor agrees to join in such arbitration proceeding as Buyer may direct and shall submit to such jurisdiction and be finally bound by the judgment rendered in accordance with the arbitration rules as may be established therein.

14.4 SEVERABILITY

In the event any provision, or any part or portion of any provision of this Contract should be found to be invalid, void or otherwise unenforceable, such finding shall not affect the remaining part or portions of that provision, or any other provision.

14.5 WAIVER

Buyer's failure to insist on performance of any term, condition, or instruction, or to exercise any right or privilege included in this Contract, or its waiver of any breach, shall not thereafter waive any such term, condition, instruction, and/or any right or privilege. No asserted waiver of any right or benefit by Buyer shall be valid unless such waiver is in writing, signed by Buyer, supported by consideration and specifies the extent and nature of the rights or benefits being waived.

14.6 GRATUITIES

- A. Contractor, its employees, agents or representatives shall not offer or give to an officer, director, agent, consultant, official or employee of Buyer or the Government, any gifts, entertainment, payments, loans or other gratuities to influence the award of a pending Contract or obtain favorable treatment under a contract.
- B. Violation of this Clause may be deemed by Buyer to be a material breach of this Contract and any other contract with Buyer and subject all contracts with Contractor to Termination for Default, as well as any other remedies at law or in equity.

14.7 INTERPRETATION

Heading and titles of Clauses, Sections, paragraphs or other subparts of this Contract are for convenience of reference only and shall not be considered in interpreting the text of this Contract. No provision in this Contract is to be interpreted for or against any party because that party or its counsel drafted such provision.

14.8 SURVIVAL

The provisions of this Contract which by their nature are intended to survive the termination, cancellation, completion or expiration of this Contract shall continue as valid and enforceable obligations of the parties notwithstanding any such termination, cancellation, completion or expiration.

14.9 TRIAL

Contractor hereby knowingly, voluntarily and intentionally waives (to the extent permitted by applicable law) any right it may have to a trial by jury of any dispute arising under or relating in any way to this Contract and agrees that any such dispute may, at Buyer's option, be tried before a judge sitting without a jury.

14.10 IMPLEMENTATION OF SECTION 3161 POLICY ON WORKFORCE RESTRUCTURING

- A. Pursuant to the requirements of Section 3161 of the National Defense Authorization Act for Fiscal Year 1993 (Pub. L. 102-484) preference is to be provided to displaced Contractor employees whose eligibility is defined in the DOE guidelines on work force restructuring or the site work force restructuring plan, including lower tier subcontractor employees, for work at the Hanford Site in accordance with the following unless modified by final Section 3161 guidance issued by DOE. The Contractor shall:
1. Require subcontractors and sub-tier subcontractors offering or bidding to perform a work activity to provide hiring preference, to the extent practicable, in filling vacancies to displaced employees who meet the eligibility criteria contained in the DOE's Work Force Restructuring Guidelines and who are qualified for the prospective work or, through further retraining, can become qualified within the time frames and dollar amounts provided for in the guidelines (displaced workers with the hiring preference are listed on the Department's Job Opportunity Bulletin Board System {JOBBS} along with their qualifications); consistent with applicable law or employment seniority plans or practices of the DOE, with Section 3152 of the National Defense Authorization Act for Fiscal Years 1990 and 1991, and with the terms of any legally enforceable affirmative action plan.
 2. Provide, or through its subcontractors provide, the training contemplated by subparagraph A.1. above; and
 3. Discuss with affected unions or subcontractors and bargain where required by law regarding the implementation of the hiring preference provided by subparagraph A.1. above.
- B. The Contractor and any lower tier subcontractor subject to subparagraph A.1. above shall negotiate with affected unions to implement the hiring preference. This includes if necessary, special agreements for allocation of work or arrangements for exceptions to internal union rules that might otherwise be obstacles to implementation of the hiring preference, consistent with the Departmental guidance regarding Section 3161.
- C. The Contractor and any subcontractor shall comply with plans issued by DOE pursuant to Section 3161.
- D. Nothing in this Clause shall be construed to excuse the Contractor or any subcontractor from compliance with the requirements of any applicable law.
- E. Nothing in this Clause is intended to create rights in third parties or persons.

14.11 TOXIC SUBSTANCES CONTROL ACT

Contractor warrants that each and every chemical substance delivered under this Contract, if any, shall, at the time of sale, transfer or delivery, be on the list of chemical substances compiled and published by the Administrator of the Environmental Protection Agency pursuant to Section 2607(b) of the Toxic Substances Control Act (15 U.S.C. 2601-2629).

14.12 DISPUTES

- A. All disputes arising under or relating to this Contract shall be resolved under this Clause.

- B. "Claim," as used in this Clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of Contract terms, or other relief arising under or relating to this Contract.
- C. A claim by the Contractor shall be submitted in writing to the Contract Specialist for a decision within six years after accrual of the claim, unless the contracting parties agreed to a shorter time period. A claim by the Buyer against the Contractor shall be subject to a written decision by the Contract Specialist.
1. The Contractor shall provide the certification specified in paragraph C. 3 and 4 of this Clause when submitting any claim.
 2. The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.
 3. The certification shall state as follows: "I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the Contract adjustment for which the Contractor believes the Buyer is liable; and that I am duly authorized to certify the claim on behalf of the Contractor."
 4. The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.
- D. The Buyer's decision shall be final unless the Contractor appeals or files a suit.
- E. If the claim by the Contractor is submitted to the Buyer or a claim by the Buyer is presented to the Contractor, the parties, by mutual consent, may agree to use alternative dispute resolution (ADR). If the Contractor refuses an offer for ADR, the Contractor shall inform the Buyer, in writing, of the Contractor's specific reasons for rejecting the offer.
- F. The Contractor shall proceed diligently with performance of this Contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the Contract, and comply with any decision of the Buyer.
