

35.300 AUTHORIZATIONS

* Item 9	User Authorization
Any use permitted by 10 CFR 35.300	35.300 (Use this only for users authorized for all of 35.300, e.g. all categories under 35.390(b)(1)(ii)(G).)
Any use permitted by 10 CFR 35.300, except sodium iodide iodine-131 in quantities greater than 33 millicuries (Use this and other limited Item 9 authorizations only when there are no users authorized for all of 35.300.)	35.300, except oral administration of greater than 33 millicuries of sodium iodide I-131
Any sodium iodide iodine-131 use permitted by 35.300 in quantities less than or equal to 33 millicuries	Oral administration of sodium iodide I-131 in quantities less than or equal to 33 millicuries
Any sodium iodide iodine-131 use permitted by 10 CFR 35.300	Oral administration of sodium iodide I-131
Parenteral administration of any radionuclide permitted by 10 CFR 35.300	Parenteral administration of any radionuclide
Parenteral administration of any beta emitter, or a photon-emitting radionuclide with a photon energy less than 150 keV permitted by 10 CFR 35.300	Parenteral administration of any beta emitter, or a photon-emitting radionuclide with a photon energy less than 150 keV
Parenteral administration of any radionuclide other than beta emitters, or photon-emitting radionuclides with a photon energy less than 150 keV permitted by 10 CFR 35.300	Parenteral administration of any radionuclide other than beta emitters, or photon-emitting radionuclides with a photon energy less than 150 keV
	For users with no 35.300 authorization, who were permitted to use I-131 under 35.200 prior to October 24, 2002: "Oral administration of sodium iodide iodine-131 for diagnostic studies" (Not applicable to any new users; can't authorize a new user or license solely for I-131 diagnostic uses)

*Add the following to Item 9 when a facility requests authorization for 35.300 procedures and does not provide information about inpatient rooms: "for which the patient can be released under the provisions of 10 CFR 35.75"
