

## Do you have the *right* content?

According to a recent McKinsey survey<sup>1</sup>, executives at companies where training is thought of as **least effective** say their organizations are more likely to invest in training for senior managers versus employees on the front line.

Only **one in three** survey respondents said their training programs focus on developing their companies' most important capability.

### Let Meridian Help You ...

Find the content to meet your employer's mission.

Whether you have hundreds or thousands of employees, Meridian's Virtual Library of more than 17,000 courses is the single best place for you to find the content to train your whole organization.

For every level of your company, our Virtual Library holds expertly created courses on topics such as:

- Business
- Information Technology
- Employee Development (Softskills)
- Compliance
- Healthcare
- OSHA Safety
- Driver Safety
- Finance and Banking
- Retail

Each course in our library is backed by our partners and tested to run flawlessly on the Meridian Global LMS. Contact us today to get started.
