Subject: use RFID CHIPS

Lots of problems with this enforcement - too far the other way to handle the shoplifting problem - real problem for the elderly and now I find the poorer of the military are included - on welfare and food stamps because we do not pay our troops enough for their families to live while they are on active duty - now penalize them with a fine because one of their kids did something wrong.

You must correct this - the retailers have other methods of handling shoplifting.
