

**UNITED STATES DEPARTMENT OF AGRICULTURE**

Farm Service Agency  
Washington, DC 20250

<b>Crop Disaster Program 5-DAP (Revision 2)</b>	<b>Amendment 14</b>
---	---------------------

**Approved by:** Acting Deputy Administrator, Farm Programs

**Amendment Transmittal**

**A Reasons for Amendment**

Subparagraph 243 A has been amended to provide updated instructions on using the unit's acres in the expected production cap calculation when completing FSA-840A-2.

Subparagraphs 245 A has been amended to provide updated instructions on using the unit's acres in the expected production cap calculation when completing FSA-840B-2.

<b>Page Control Chart</b>		
<b>TC</b>	<b>Text</b>	<b>Exhibit</b>
	10-27, 10-28 10-45, 10-46 10-49, 10-50 10-54.7, 10-54.8	

243 Completing FSA-840A-2 (Continued)

A Instructions for Completing FSA-840A-2 (Continued)

Item	Instructions
	<b>Part B – Expected Production Cap Calculation</b>
22	Enter FSA 840G-1, item 38.
23	*--Enter result of multiplying FSA-840A-1, item 20 times item 22.--*
24	<p>Enter result of subtracting item 23 from item 22.</p> <p>If result is negative, enter zero.</p> <p><b>Note:</b> If commodity:</p> <ul style="list-style-type: none"> <li>• does <b>not</b> have a marketing contract, the result is the affected ineligible production</li> <li>• has a marketing contract, the ineligible production is assigned first to noncontract production.</li> </ul>

\*--243 Completing FSA-840A-2 (Continued)

A Instructions for Completing FSA-840A-2 (Continued)

Item	Instructions		
<b>Part C – Quality Loss Payment – Noncontract Production Calculation</b>			
25	Prefilled, no entry required.		
26	From FSA-840G-1, Part C enter: <ul style="list-style-type: none"> <li>• affected production summed by loss level</li> <li>• sum of unaffected production.</li> </ul>		
27	Enter the unit’s ineligible affected production for each applicable loss level by following these steps.		
	<b>Step</b>	<b>Action</b>	<b>Result</b>
	1	Beginning with the first level with an amount greater than zero in item 26, that has the lowest quality payment rate, compare item 24 (unallocated ineligible production) to item 26 (unit’s affected production) for the level	<b>IF item 24 is...</b>
			<b>THEN...</b>
			less than or equal to item 26 <ul style="list-style-type: none"> <li>• enter item 24 unallocated quantity in item 27 for that level</li> <li>• continue to step 3.</li> </ul>
		greater than item 26 <ul style="list-style-type: none"> <li>• enter amount in item 26 in item 27</li> <li>• continue to step 2.</li> </ul>	
	2	Subtract amount entered in item 27 for the loss level from item 24 unallocated ineligible production.  Use the result as the item 24 unallocated ineligible production for <b>future</b> comparison purposes.  <b>Note:</b> The amount in item 24 does <b>not</b> change.	<b>IF the result is greater than zero and ...</b>
			<b>THEN...</b>
			affected production remains <ul style="list-style-type: none"> <li>• remaining production is used as item 24 unallocated ineligible production for marketing contract</li> <li>• continue to step 3.</li> </ul>
		no affected production remains <ul style="list-style-type: none"> <li>• continue to step 3.</li> </ul>	
		0	continue to step 3.
	3	Enter total of affected ineligible production allocated to loss levels in item 27 “Total” block.	

--\*

Item	Instructions
<b>Part B – Primary Expected Production Cap Calculation</b>	
20	From FSA 840G-2, item 42.
21	Enter result by multiplying, FSA-840B-1, item 18 times FSA-840B-1, item 19 * * * times FSA-840B-1, item 21.
22	<p>Enter result of subtracting item 21 from item 20. If result is negative, enter zero.</p> <p><b>Note:</b> If commodity:</p> <ul style="list-style-type: none"> <li>• does <b>not</b> have a marketing contract, the result is the affected ineligible production</li> <li>• has a marketing contract, the ineligible production is assigned first to noncontract production.</li> </ul>

Item	Instructions			
	<b>Part C – Primary Quality Loss Payment – Noncontract Production Calculation</b>			
23	Prefilled, no entry required.			
24	From FSA-840G-2, Part D enter: <ul style="list-style-type: none"> <li>affected production summed by loss level</li> <li>sum of unaffected production.</li> </ul>			
25	Enter the unit’s ineligible affected production for each applicable loss level by following these steps.			
	<b>Step</b>	<b>Action</b>	<b>Result</b>	
	1	Beginning with the first level with an amount greater than zero in item 24, that has the lowest quality payment rate, compare item 22 (unallocated ineligible production) to item 24 (unit’s affected production) for the level	<b>IF item 22 is...</b> less than or equal to item 24	<b>THEN...</b> <ul style="list-style-type: none"> <li>enter item 22 unallocated quantity in item 25 for that level</li> <li>continue to step 3.</li> </ul>
			greater than item 24	<ul style="list-style-type: none"> <li>enter amount in item 24 in item 25</li> <li>continue to step 2.</li> </ul>
	2	Subtract amount entered in item 25 for the loss level from item 22 unallocated ineligible production.  Use this result as the item 22 unallocated ineligible production for future comparison purposes.  <b>Note:</b> The amount in item 22 does <b>not</b> change.	<b>IF the result is greater than zero and ...</b>	<b>THEN...</b>
			affected production remains	repeat step 1 for the next level with an amount greater than zero in item 26 that has the next lowest quality payment rate.
			no affected production remains	<ul style="list-style-type: none"> <li>remaining production is used as item 24 unallocated ineligible production for marketing contract</li> <li>continue to step 3.</li> </ul>
		0	continue to step 3.	
3	Enter total of affected ineligible production allocated to loss levels in item 25 “Total” block.

## \*--245 Completing FSA-840B-2 (Continued)

## A Instructions for Completing FSA-840B-2 (Continued)

Item	Instructions
41	Enter result of subtracting item 40 from item 39 for <b>each</b> loss level.
42	Enter FSA-840, item 35.
43	Enter the producer's eligible affected production for loss levels 1 through 5 determined by multiplying item 41 times item 42.
44	Enter the net production for payment determined by multiplying item 43 times 65 percent.
45	Enter the payment rate from the disaster crop table for the specified crop, crop type, and intended use.
46	Prefilled, no entry required.
47	Enter the quality payment rate determined by multiplying item 45 times item 46 times 42 percent
48	Enter the calculated payment for each loss level determined by multiplying item 44 times item 47.  <b>Note:</b> Round the result to whole dollars.
49	Enter the NASS seasonal average, if available.
50	Enter the value of production determined by multiplying item 39 times item 42 times the higher of (item 45 or item 49) times (1 minus item 46).  <b>Note:</b> Calculation is performed for all levels with production, including unaffected production.
51	Enter total of calculated payment amounts for all loss levels determined in item 48.

--\*

A Instructions for Completing FSA-840B-2 (Continued)

Item	Instructions
<b>Part E – Secondary Expected Production Cap Calculation</b>	
52	Enter FSA-840G-2, item 59.
53	Enter the total expected production determined by multiplying FSA-840B-1, item 18 times FSA-840B-1, item 19 * * * times FSA-840B-1, item 21.
54	<p>Enter the total ineligible production determined by subtracting item 53 from item 52. If result is negative, enter zero.</p> <p><b>Note:</b> If commodity:</p> <ul style="list-style-type: none"> <li>• does <b>not</b> have a marketing contract, the above result is the affected ineligible production</li> <li>• has a marketing contract, the ineligible production is assigned first to noncontract production.</li> </ul>

245 Completing FSA-840B-2 (Continued)

A Instructions for Completing FSA-840B-2 (Continued)

Item	Instructions
<b>Part I – Additional Quality Payment &amp; Net Disaster Payment Calculation</b>	
99	Enter FSA-840B-1, item 43. Enter as zero if negative.
100	Enter the sum of item 98, and FSA-840B-1, item 28 unharvested, for all crop types, intended uses, and practices within the same pay crop grouping <b>that applied for quality</b> for the unit.
101	Enter the sum of FSA-840B-1, item 28 harvested and unharvested for all crop types, intended uses, and practices within the same payment crop grouping <b>that did not apply for quality</b> for the unit.
102	Enter the total revised quantity payment determined by adding items 100 and 101. Enter zero if negative.
103	Enter the gross quality payment determined by adding items 36, 51, 68, 83, 126, and 141.
104	Enter the total quantity plus quality by adding items 102 and 103.
105	Enter the higher of item 99 or 104.
106	Enter the quality amount included in the quantity payment by subtracting item 102 from item 99.
107	Enter the additional quality payment determined by subtracting item 99 from item 105.
108	Enter FSA-840B-1, item 44.
109	Enter the total payment for the unit determined by adding item 105 and item 108.
<b>Part J – Tertiary Expected Production Cap Calculation</b>	
110	Enter the total of the affected production from FSA-840G-2, item 76
111	Enter the total expected production determined by multiplying FSA-840B-1, item 18 times FSA-840B-1, item 19 * * * times FSA-840B-1, item 21.
112	<p>Enter the total ineligible production determined by subtracting item 111 from item 110. If result is negative, enter zero</p> <p><b>Note:</b> If commodity:</p> <ul style="list-style-type: none"> <li>• does <b>not</b> have a marketing contract, the above result is the affected ineligible production</li> <li>• has a marketing contract, the ineligible production is assigned first to noncontract production.</li> </ul>

\*--245 Completing FSA-840B-2 (Continued)

A Instructions for Completing FSA-840B-2 (Continued)

Item	Instructions			
<b>Part K - Tertiary Noncontract Contract Production Calculation</b>				
113	Prefilled, no entry required.			
114	From FSA-840G-2, Part L enter: <ul style="list-style-type: none"> <li>• affected production summed by loss level</li> <li>• sum of unaffected production.</li> </ul>			
115	Enter the unit’s ineligible affected production for each applicable loss level by following these steps.			
	<b>Step</b>	<b>Action</b>	<b>Result</b>	
	1	Beginning with the first level with an amount greater than zero in item 114, that has the lowest quality payment rate, compare item 112 (unallocated ineligible production) to item 114 (unit’s affected production) for the level	<b>IF item 112 is...</b>	<b>THEN...</b>
			less than or equal to item 114	<ul style="list-style-type: none"> <li>• enter item 112 unallocated quantity in item 115 for that level</li> <li>• continue to step 3.</li> </ul>
			greater than item 114	<ul style="list-style-type: none"> <li>• enter amount in item 114 in item 115</li> <li>• continue to step 2.</li> </ul>
	2	Subtract amount entered in item 115 for the loss level from item 112 unallocated ineligible production.  Use this result as the item 112 unallocated ineligible production for future comparison purposes.  <b>Note:</b> The amount in item 112 does <b>not</b> change.	<b>IF the result is greater than zero and...</b>	<b>THEN...</b>
			affected production remains	repeat step 1 for the next level with an amount greater than zero in item 114 that has the next lowest quality payment rate.
			no affected production remains	<ul style="list-style-type: none"> <li>• remaining production is used as item 114 unallocated ineligible production for marketing contract</li> <li>• continue to step 3.</li> </ul>
			0	continue to step 3.
	3	Enter total of affected ineligible production allocated to loss levels in item 115 “Total” block.
