

Part 90 Land Mobile Radio Service

Applications requiring frequency coordination in accordance with § 90.175 must first be submitted to the proper frequency coordination committee, which will subsequently forward them to the FCC electronically. Access the WTB internet website at <http://wireless.fcc.gov> under Wireless Services for frequency coordination committees and their mailing addresses or you may call the FCC at (877) 480-3201 (TTY 717-338-2824). Applications and notifications of certain radio services are required to file electronically within Part 90 Land Mobile Radio Service. See § 1.913 on mandatory electronic filing. **NOTE:** Applicants may apply to operate at different permanent locations, provided that the different locations are an integral part of a single system, when licensed under a single call sign. Each group of six permanent locations constitutes a station to which a separate application fee will be required. The instructions that follow are for filing applications. Select the purpose of filing and follow the instructions below:
