* Subject to change

TBD = Course being revised or dates/location not yet established

NOTE: Each course has a minimum and maximum enrollment. Students are enrolled in a course in the order in which they register. If more than the maximum register for a course, the excess are placed on a wait list and added in sequence as registrants cancel. Registrants on the wait list are not automatically carried over to the next course. If you do not get into a course, you must re-register for a future course. If the backlog is significant, and resources and funding are available, it may be possible to schedule another session. Conversely, if fewer than the minimum number are registered for a course, approximately six weeks before the course start date, the course will be canceled.
