*Commission Action*

The Commission:

**Approves** the preliminary and final site and building plans for 2 roof-top satellite dish receiving antennas for a period not to exceed ten years, one flagpole at the intersection of New York Avenue and 1<sup>st</sup> Street, NE, and four art panels incorporated in the storefront of the ground floor retail building on 2<sup>nd</sup> Street across from the New York Avenue Metrorail station, for the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) Headquarters Building currently under construction at 99 New York Avenue, NE, in Washington, D.C., as shown on NCPC Map File No. 42.00(38.00)42063.

**Request** that the General Services Administration investigate with the ATF the feasibility of erecting a screen around the large antennas, so that it would not be visible from adjacent areas from the ground, and that GSA report back to the Executive Director on the findings of the evaluation of whether it is feasible and desirable to erect a screen and if not, explain why.
