NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

^aDifference between estimate and 2003 estimate is statistically significant at the 0.05 level.

^bDifference between estimate and 2003 estimate is statistically significant at the 0.01 level.

¹ Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

Source: SAMHSA, Office of Applied Studies, National Survey on Drug Use and Health, 2002 and 2003.

*Low precision; no estimate reported.

NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

^aDifference between estimate and 2003 estimate is statistically significant at the 0.05 level.

^bDifference between estimate and 2003 estimate is statistically significant at the 0.01 level.

¹ Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

² Retired person, disabled person, homemaker, student, or other person not in the labor force.

*Low precision; no estimate reported.

NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

^aDifference between estimate and 2003 estimate is statistically significant at the 0.05 level.

^bDifference between estimate and 2003 estimate is statistically significant at the 0.01 level.

¹ Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

² Estimates for 2002 and 2003 are based on a revised definition of county type and are not comparable with estimates by county type published in prior NSDUH reports.

*Low precision; no estimate reported.

NOTE: Received Substance Use Treatment refers to treatment received in order to reduce or stop drug or alcohol use, or for medical problems associated with drug or alcohol use. It includes treatment received at any location, such as a hospital, a rehabilitation facility (inpatient or outpatient), mental health center, emergency room, private doctor's office, self-help group, or prison/jail.

NOTE: Any Illicit Drug includes marijuana/hashish, cocaine (including crack), heroin, hallucinogens, inhalants, or any prescription-type psychotherapeutic used nonmedically.

^aDifference between estimate and 2003 estimate is statistically significant at the 0.05 level.

^bDifference between estimate and 2003 estimate is statistically significant at the 0.01 level.

¹ Estimates include persons who received treatment specifically for any illicit drug or alcohol, as well as persons who received treatment but did not specify for what substance(s).

² Estimates for 2002 and 2003 are based on a revised definition of county type and are not comparable with estimates by county type published in prior NSDUH reports.
