

National Forest Imagery Catalog Listing libraried at the

USDA - Farm Service Agency
Aerial Photography Field Office (APFO)
2222 West 2300 South
Salt Lake City UT 84119-2020

(801)844-2922 - Customer Service Section
(801)956-3653 - Fax
(801)956-3654 - TDD

apfo.sales@slc.usda.gov
www.apfo.usda.gov

This catalog listing shows the various photographic coverages used by the U.S. Department of Agriculture and archived at the Aerial Photography Field Office. This catalog references U.S. Forest Service (FS) and other agencies imagery. For imagery prior to 1955, please contact the National Archives & Records Administration:

Cartographic & Architectural Reference (NWCS-Cartographic)
Aerial Photographs Team

<http://www.archives.gov/research/order/maps.html#contact>

Coverage of U.S. Forest Service photography is listed alphabetically for each forest within a region. Numeric and alpha codes used to identify FS projects are determined by the Forest Service. The original film type for most of this imagery is a natural color negative.

Line indexes are available for most projects. The number of index sheets required to cover a project area is shown on the listing. Please reference the remarks column, which may identify a larger or smaller project area than the National Forest area defined in the header.

Offered in the catalog listing at each National Forest heading is a link to locate the Regional and National Forest office address and phone number at:

<http://www.fs.fed.us/intro/directory>

You may wish to visit the National Forest office to view the current imagery and have them assist you in identifying aerial imagery from the APFO.

You may also refer to our order form and price list at:

http://www.fsa.usda.gov/Internet/FSA_File/fsa0441_10302007.pdf

Glossary of Terms:

%COV	The percentage of the area or project covered. Please pay particular attention to the remarks column for additional information regarding the coverage area.
YEAR	The majority year of photography.
SCL	Representative scale of the photography. example: 15840 = 1:15,840
FILM	Original Film Type BW = Black and White (Generally a negative film base). BIRN = Black and White Infrared Negative CP = Color Positive CN = Color Negative CIRP = Color Infrared Positive CIRN = Color Infrared Negative
PROJECT	The code used to identify a project area.
INDEXES	Index Format(s) DI = Digital Index* LI = Line Index* SI = Spot Index* * A detailed line map indicating roll and exposure needed for coverage of that area. The number listed indicates the number of sheets available for that project area. PI = Photo Index A mosaic of prints covering the project area. REM = See remark for index quantity.
REMARKS	BLK = More than one project area grouped to form a larger block. RD = Ranger District (within a National Forest). NF = National Forest (within a larger administrative area). W/ = With (another project area or National Forest). AREA = A smaller project area within the National Forest. IR = Indian Reservation (project area). NGL = National Grasslands (project area). DIV = Division (project area within the National Forest). SP = Special Project area - generally less than 100 sq. miles and most often flown using Forest Service aircraft and personnel.
