## **C. Logon Procedure For Bidders**

The bidding features of the FCC Mock Auction are only available to authorized bidders. To access these features, you must logon by entering your FCC-assigned Bidder Identification Number (BIN) and a passcode. The passcode has two parts: a user-specified personal identification number (PIN), followed by the tokencode displayed on your SecurID card. Note that the SecurID tokencode changes every 60 seconds, so you will type a different number each time you log on to the system.

To begin, go to the SecurID Logon area at the top left-hand corner of the Auction 74 Bidding System home page and click the **Logon** link. This produces the Logon Information page.

### **1. First-Time Logon Procedure**

In the **BIN** field, type the BIN provided by the FCC. In the **Passcode** field, type the tokencode displayed on your SecurID card. Then click the **Submit** button. When the Create Your New PIN page appears, type a 4- to 8-digit PIN of your choice in each field, then click the **Submit** button.

This takes you back to the Logon Information page, where you will have to logon using your new PIN. But before you logon, *wait for a new tokencode to appear on your SecurID card.*

## 2. Standard Logon Procedure

In the **BIN** field, type the Bidder Identification Number (BIN) provided by the FCC. In the **Passcode** field, type the PIN you created, followed immediately by the tokencode displayed on your SecurID card—with **no** spaces between the numbers. Then click the **Submit** button.

## 3. Telephonic Bidder Logon

Telephonic bidders will perform the same logon procedure as electronic bidders, but they will be prompted for their responses by the Telephonic Bidding Assistant.
