

Update on NOAA Spending Plan to Support Multispecies Fishery Sectors

NOAA Fisheries Service strongly supports sector management. To assist with the change to what will be a new management system for many, we are providing financial support, training and technical assistance to the fishing industry. Here are some of our efforts to date:

NOAA Spending on Sectors		FY 09	FY 10
Industry Support	Sector Start up Costs	\$ 739K*	\$ 761K
	NEPA document development	\$ 491K	\$ 520K
	Dockside Monitoring	\$ 1.5M	\$ 660K
	At-Sea Monitors and Observers	\$ 2.3M	\$ 6.5M
	Workshops/Training/Outreach	\$ 281K	\$ 253K
	Permit Banking	\$ 1.0M*	\$ 5.0M
	Total Sector Support	\$ 6.3M	\$13.7M
Innovation	Electronic Monitoring	\$ 225K	\$ 682K
	eVTR	\$ 614K	
	Cooperative Research	\$ 7.0M	\$ 6.0M
NMFS Costs	Science (e.g., socio-economic research, discard analysis)		\$ 511K
	Data mgt & application development	\$ 2.9M	\$ 1.6M
	Enforcement		\$ 3.2M
	General Counsel		\$ 300K
	Program development & infrastructure	\$ 1.4M	\$ 2.7M
TOTAL FUNDING		\$18.6M*	\$28.6M
2-YR. FUNDING TOTAL			\$47.1M

Includes additional funds on top of \$16.7M allocated to sectors in '09 to State of Maine for industry permit bank pilot program and sector mini-grants.
