

Implementation Guide for Teachers

GLOBE® Science and Education Program

Table of Contents

Welcome to the Implementation Guide

Introduction

Introduction	Introduction 1
What Will You and Your Students Do in the GLOBE Program?	Introduction 1
Science Values and GLOBE Measurements	Introduction 3
GLOBE Measurements in Time and Space	Introduction 3
What Are the Domains of GLOBE Research?	Introduction 4
How is This Guide Organized?	Introduction 5
Investigation at a Glance.....	Introduction 6
Introduction.....	Introduction 7
Protocols	Introduction 8
Field/Lab Guides.....	Introduction 9
Looking at the Data.....	Introduction 10
Learning Activities	Introduction 11
Appendix.....	Introduction 12

Planning to Implement GLOBE in Your Classroom

Generalizations About Teaching and Learning	Introduction 13
Introduction	Introduction 14
Meeting Student Needs.....	Introduction 14
Language Issues	Introduction 14
Multiple Intelligences.....	Introduction 14
Special Needs	Introduction 15
Multiculturalism	Introduction 15
Designing Science Units with GLOBE Activities.....	Introduction 15
Sample Unit Integrating GLOBE.....	Introduction 16
Instructional Strategies for Teaching GLOBE Activities.....	Introduction 18

Using Scientific Inquiry in the Classroom Introduction 19

Choosing Activities that Engage Students Introduction 19

Managing Students Introduction 20

Cooperative Learning Introduction 20

Assessing GLOBE Activities..... Introduction 20

Frequently Asked Questions About GLOBE
Supplies and Materials..... Introduction 21

The Physical Classroom..... Introduction 21

Frequently Asked Questions About Building School
and Community Resources Introduction 22

GLOBE Events..... Introduction 22

General Resources Introduction 22

Recognizing Students..... Introduction 22

References..... Introduction 22

Sample Atmosphere Lessons Introduction 23

Sample Soil Lessons Introduction 37

Sample Earth as a System Lessons..... Introduction 73

Appendix

Education Information Appendix 2

Working with Language and Literacy Appendix 2

Alternative Teaching Strategies Appendix 4

Inquiry..... Appendix 8

Cooperative Learning Appendix 10

Student Assessment Appendix 11

 Sample Generic Science Project Rubric Appendix 14

 GLOBE Student Journal Rubric..... Appendix 16

GLOBE and Learning..... Appendix 20

Scaffolding Appendix 21

Science Materials and Information Appendix 22

Selecting Your GLOBE Study Sites Appendix 22

Master List of GLOBE Protocols..... Appendix 25

Additional Science and Inquiry Concepts Appendix 28

Address for Submitting Photos, Maps, and Charts..... Appendix 33

Illustrations Appendix 34
