Information and Instructions for Completing the Self-Certification of Full-Time School Attendance

The retirement law provides for payment of a monthly annuity to unmarried sons and daughters who are: 1) age 18 to 22 and are full-time students in recognized schools or 2) age 18 or older and incapable of self-support because of a mental or physical disability that began before age 18 and is expected to continue for at least one year.

Use the enclosed form to apply for the student benefit. Do **not** use this form to apply for a student benefit if the son or daughter is disabled. Instead, write to the Office of Personnel Management, Retirement Operations Center, Boyers, PA 16017 to ask about a disabled child's benefit. We will send you the instructions you need to document the child's disability. Adult children who qualify are paid a benefit as long as they are disabled and are not married.

Full-time students must be taking sufficient courses to allow them to graduate within the minimum time which is considered normal for a full-time student of the school. For example, usually a college student must be enrolled for a minimum of 12 credit hours per semester to be considered a full-time student. **If you need additional information about what is considered full-time attendance, please call us at (202) 606-0249.**

A recognized educational institution for the purpose of these benefits is a school that: 1) has a faculty and requires study or training at the school; and 2) is accredited as an educational institution. Such schools are: high schools, trade schools, technical or vocational schools, colleges, junior colleges, and universities.

Not included as recognized educational institutions for purposes of receiving student benefits are: correspondence schools, elementary schools, the Government service academies such as the U.S. Naval Academy, or any training program where the trainee receives pay primarily as an employee, such as apprenticeship programs or the Job Corps.

Benefits (payments) must stop if the student:

1. dies,
2. marries,
3. discontinues full-time schooling,
4. enters military service on active duty,
5. enters any of the service academies,
6. transfers to a non-recognized school, or
7. attains age 22.

Students who attain age 22 during the school year (between September 1 and June 30) may receive benefits through the end of the month preceding the month in which full-time schooling stops or June 30, whichever occurs first.

Since you are the payee, you must notify us immediately if any one of these events occurs. If you are paid benefits after any of these events, you will be indebted to the retirement system and we will have to recover the money from you.

If you believe you are eligible to receive survivor benefits for a full-time student, complete the enclosed form after you read the back of this notice.
