OK, thanks for the info. Perhaps, it might be best if we assemble in the EPRI conf room first, then go to the site.

Linda, I just sent out the notice. I'm not sure we'll have everyone on the list at the meeting, but I'll try to give you a better head count before Thursday. I'll put everyone you sent on a visitors log and give to security. You do **not** have to let me know if anyone cancels. It is just very hard on the guards to have to write information for everyone on the log (we sometimes get 300 people per day), so if we know we are having visitors, we complete the log for the guard. In fact, I'm expecting everyone from Chattanooga, except possibly Cheri Miller and Tim Lee (Larry Bowers invited them earlier this morning). I've emailed everyone on the list you provided.

I got a reject from James Settles (jtsettles@tva.gov), so his did not get delivered. Can you forward it to him? I need to see Jim on Monday and will make sure he gets this message.

Yesterday Larry Bowers and Ted Stammler and Amos Smith and I met briefly to discuss the agenda. Ted said that Thursday is Pizza day at KIF - so we were wondering if you could order pizza for lunch. The pizza is ordered by our concession vendors. They order large, one topping for \$8.00 each. Just let me know how many you want me to order and what topping--pepperoni, bacon, sausage. I would need this information by about 2:30 Wed. We will individually pay for it, of course. The 2 guys from Ardaman and Associates will be flying out of Chattanooga at 6 pm, so we need to get them out by 3 pm, and I thought lunch at the plant might make better use of everyone's time.

I understood from an earlier email that the list is going to be provided to security. If I learn of any changes (additional personnel), I will let you know as soon as possible. If you need to know of any cancellations, please let me know, and I'll get you definitive head count by Wednesday, if that's ok. Will we need to ck in with security prior to going on the site tour at the pond? We would prefer you

check in with security first. Since the ash pond area is open to the public, security likes to know who is out there and in case of an emergency, need to know who is on site. I anticipate that everyone from Chattanooga will arrive between 9 and 9:30 am. I'll be driving in from Knoxville that day.

I have reserved the Large Conference Room at EPRI for the entire day. As people arrive, they may want to leave some of their items (planners, drawings, etc.) in the room while they tour the site.

If you have questions, let me know.

Thanks,
Linda

Can you extend the conference room (currently scheduled from 9 am - 3 pm) until 5 pm.

Also, as we disussed, we will break for 45 min for lunch on Wednesday, and lunch will be on our own, unless y'all want to make other arrangements (could have it delivered and everyone pay), but I don't know how to arrange that.

Thx
