Carl or Sam:

Mactech needs to be represented at this meeting.

Thanks,
Lynn

Subject: KIF FGD Disposal Project Meeting

We will have our next project meeting at KIF on April 1, 2003 at 10:00am. We meet in the EPRI conference room at the plant. I will get an agenda out before the meeting, but the focus of the meeting will be on reviewing the results of Mactec work, discussions with PELA, review of Parsons work to date, and a discussion of the work on the ash pond alternative. Would you or Lynn forward this email to Law/Mactec? I anticipate the meeting with our contractors will be completed by 12:00 with the TVA folks plus Dan meeting after lunch on the ash pond alternative.
