cash subvoucher.doc

Jeff,
The above form needs to be completed with short code and the appropriate manager's signature. Also, you should attach to it some other documentation which would serve as an invoice/registration form. When you get those two items together, bring it upstairs and Yvonne Camp will issue an agent officer's check. If you have other questions about documentation required, please call Yvonne. Thanks and sorry for the delay on getting back to you on this.

Jeff:

I agree with your comment that a check will be the surest way of handling this issue. The check should be made out to:

NATIONAL FLOOD INSURANCE PROGRAM

and the amount should be: **\$ 3100.00**
