Ms. Natalie Harris, Manager
Knoxville Environmental Assistance Center
Division of Water Pollution Control
Tennessee Department of Environment
and Conservation
2700 Middlebrook Pike, Suite 220
Knoxville, Tennessee 37921

Dear Ms. Harris:

TENNESSEE VALLEY AUTHORITY (TVA) - KINGSTON FOSSIL PLANT (KIF) - TENNESSEE MULTI-SECTOR PERMIT NUMBER TNR051787 - EFFLUENT CUT-OFF CONCENTRATION EXCEEDANCE & CORRECTIVE ACTIONS

As required by the permit under Section IV.C, notification is given that annual analysis at outfall F15B at KIF has exceeded storm water monitoring results with effluent concentrations above the monitoring cut-off concentration of 5 mg/L Total Iron. We are submitting the following monitoring information for the annual sample.

1. Storm Water Outfall #F15B

Outfall Description:

This stormwater outfall carries runoff from grassy area in front of Condenser Cooling Water Pumps and area adjacent to intake structure (0.7 acres) located east of the powerhouse.

Storm Water Monitoring Data Summary:

Annual 2005 = 33 mg/L Total Iron

Cut-Off Concentration

5.0 mg/L Total Iron

Likely Source(s) of Pollution:

Construction in this area, which is red clay type soil, is the most likely source of iron in the runoff in this area. Crane pads used for construction had been removed the day before the rain event.

Page 2 October 18, 2005 Ms. Natalie Harris, Manager

Summary of Corrective Actions:

The area was seeded the day after the rain event and is revegetated.

Proposed Corrective Actions:

Since the area is revegetated, additional actions should not be required.

If you have any questions regarding storm water monitoring please call Linda Campbell at (865) 717-2157.

Certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who managed the system, or those persons directly responsible for gathering the information, the information submitted is to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely,

Earl. L. Deskins

Earl L. Dastino

Plant Manager
