**TENNESSEE VALLEY AUTHORITY (TVA) – MINOR REVISION OF THE PROPOSED  
OPERATIONS MANUAL AND PLANS – GYPSUM/COAL ASH LANDFILL – KINGSTON  
FOSSIL PLANT**

Dear Mr. Brown:

As we have discussed with you, TVA wishes to make a minor plans revision to our pending application for the lateral expansion of the existing permitted landfill at our Kingston Fossil Plant. This revision will change the route of the discharge from the existing dredge cells into the ash pond. As we discussed, TVA will make these modifications this summer. Enclosed are three copies of the revised engineering drawings.

If you have any questions, please contact Larry C. Bowers at (423) 751-4947 in Chattanooga. Mr. Bowers is the TVA point of contact for this project.

Sincerely,
