**Sent:** Monday, May 16, 2005 12:07 PM  
**To:** Baugh, James S.; Purkey, Ronald E.; Petty, Harold L.; Petty, Randal L; Radford, Larry D.  
**Subject:** RE: TDEC's Approval of KIF Dredge Cell Repair

Please do from my perspective. As I stated earlier I think KIF's concerns are valid. Also I think we need to raise the existing dredge cell dikes before we can resume normal dredging in November. If that is correct we need to include this work in the schedule.

-----Original Message-----

**From:** Baugh, James S.  
**Sent:** Monday, May 16, 2005 11:53 AM  
**To:** Bowers, Larry C; Purkey, Ronald E.; Petty, Harold L.; Petty, Randal L; Radford, Larry D.  
**Subject:** RE: TDEC's Approval of KIF Dredge Cell Repair

If it's ok with you guys, I'll take the lead to pull together an integrated schedule. I'll also take an action item to get us together prior to the Kingston meeting on May 25 to make sure that we are all ok with this integrated schedule.

Thanks,

Steve

Subject: RE: TDEC's Approval of KIF Dredge Cell Repair

Hey Larry and Larry,

I'm a bit concerned that all the obligations associated with the ash pond can not be met in a timely manner. There are several projects that I know of that will be overlapping. One is the fix below, then there is raising the dike on the interim pond, the Kennedy Weir Replacement, developing the new borrow area, and all the additional storm water requirement, plus any others I may not be aware of. As a project develops, there is usually some additional time consuming tasks that were unforeseen. If Jim is to be the lead in all of these projects, I'm concerned he will get overloaded and some tasks may not get completed.

Earl Deskins & I would like to see some timeline for all the projects associated with the ash pond for the next few months. This should include a responsible person for each, approximate time of completion and approximate number of personnel on each project. Earl would prefer a meeting to discuss, but a written plan would probably satisfy him.

Mike Crane, KIF Procurement, will have a contractor here tomorrow to estimate chipping the trees that will need to be removed from the new borrow area.

Thanks,  
Linda

Subject: TDEC's Approval of KIF Dredge Cell Repair

We have received TDEC's approval of our solid waste permit minor modification request. However TDEC has placed two conditions on that approval that were unexpected. Construction must begin by June 1, 2005 and must be complete by August 31, 2005. Evidently they are very interested in TVA fixing the leak quickly. I have discussed this with Lindy and we can install the wells prior to the stormwater permit being issued so the first date should not be an issue. My question is can we meet the second date. Please let me know your thoughts...

**To:** Petty, Harold L.  
**Subject:** Kingston question

Lynn,

I believe I remember hearing you say that Earl Deskins wanted a meeting on the 25th at Kingston on ash disposal. Do you mind telling me what he is wanting to talk about? I am planning a trip to KIF in the next couple of weeks, and don't want to duplicate what you are doing.

Thanks.

**Cc:** 'Petty, H. L.'; 'Haber, Stan'  
**Subject:** KIF530 Dredge Cell Restoration engineering documents for 10% design review

Attached please find drawings and a draft DCN for the 10% design review. I am not sure what the distribution should be; therefore I'm sending it to you so that you can forward to the appropriate parties (today if possible). The schedule that Lynn Petty put together (attached) indicates that the meeting is scheduled for this Thursday April 7th (at the plant I guess).

I would prefer to shedule the meeting a day later if possible due to commitments in Chattanooga on Thursday; however if the meeting must be on Thursday I'll support that. Please advise as soon as the meeting is scheduled.

I have completed the draft SWPPP but need to update the drawings prior to Lindy's review (due to her April 7th). I'll bring copies of the updated drawings and SWPPP to the 10% meeting. The drawings are on the regular title block - we will continue to use that title block until submission to TDEC. Then we'll switch to the DCA title block.

**When:** Tuesday, April 05, 2005 2:00 PM-4:00 PM (GMT-05:00) Eastern Time (US & Canada).  
**Where:** LP 4S A03

We discussed in our last meeting on 3/14 that we would meet after 4/1 to review the updated hydrogeo plan and discuss what needs to be done to

- a. provide the information needed to draft the EA by 12/15/05
- b. establish cash flows for the FGD project during 4/05

The conference room that we reserve will be based on the responses that I receive to this meeting notice.

Stan

**Cc:** Julian, Hank; Boggs, J. Markus  
**Subject:** Updated: KIF FGD - Gypsum Site Development  
**When:** Tuesday, April 05, 2005 2:00 PM-4:00 PM (GMT-05:00) Eastern Time (US & Canada).  
**Where:** LP 4S A03

We discussed in our last meeting on 3/14 that we would meet after 4/1 to review the updated hydrogeo plan and discuss what needs to be done to

- a. provide the information needed to draft the EA by 12/15/05
- b. establish cash flows for the FGD project during 4/05

The conference room that we reserve will be based on the responses that I receive to this meeting notice.

Stan

**Subject:** KIF Meeting

Stan,

I took the liberty to invite Mark Boggs or Hank Julian to the up coming KIF meeting. I noticed that Mark declined but indicated the Hank would be coming. Since they are the principals involved with putting together the investigation plan for the peninsula, I felt that it was important that they be involved with this discussion.

I hope I have not over stepped my bounds by doing this. Please let me know if I have.

Thanks!

Amos

## Haber, Stanley M

---

**Subject:** KIF Dry fly ash  
**Location:** LP 5N A03 (Mill Creek)

**Start:** Mon 02/07/2005 3:00 PM  
**End:** Mon 02/07/2005 4:00 PM  
**Show Time As:** Tentative

**Recurrence:** (none)

**Meeting Status:** Not yet responded

**Required Attendees:** Hedgecoth, Melissa A.; Baugh, James S.; Purkey, Ronald E.; Haber, Stanley M.; Renfroe, Bret; Murray, David B.; Myers, Thomas J.  
**Optional Attendees:** Nuyt, Gary M.

This meeting is to discuss the current Dry Fly Ash Conversion cost estimate with United Conveyor Corporation.

Tom Myers, could you please see if the person that has been looking at electrical costs for Kingston is available? We would like to get a better idea on the additional costs to meet the electrical needs for the dry fly ash conversion.

Thanks,  
Missy
