Table of Contents

INDEX TO NWCG POSITIONS

2.0 - INTRODUCTION

This chapter sets out the interagency requirements outlined by the National Wildfire Coordinating Group (NWCG) in the Wildland Fire Qualification System Guide, PMS 310-1, additional interagency requirements outlined in guides referenced in Zero Code of the FSH 5109.17, and additional Forest Service requirements for incident and prescribed fire management positions.

In addition, standards established for technical specialist positions are included in this handbook.

The complete list of 4-letter position job code identifiers, which are approved by the NWCG Position Naming Board, are maintained on the Incident Qualifications and Certification System website: *http://iqcs.nwcg.gov/*.

Direction related to training courses, delivery, equivalency, and instructor qualifications can be found in chapter 3 of this Guide.

The National Fire and Aviation Executive Board developed the Interagency Fire Program Management Qualifications Standards and Guide (FSM 5108), which contains minimum qualification standards for fire and aviation management positions. Direction related to competencies for fire and aviation management positions is contained in chapter 4. Additional information can be found at *http://www.ifpm.nifc.gov/*.

2.1 - QUALIFICATION FOR INCIDENT AND PRESCRIBED FIRE POSITIONS

This section sets out the additional requirements for skills, training, and prerequisites for Forest Service employees for the incident and prescribed fire management positions. Qualifications for

each position include the minimum acceptable levels of training, experience, physical fitness, and/or currency requirements (ch. 2) except where noted in this Guide.

Job descriptions and duties for these positions are listed in the NWCG Fireline Handbook, PMS 410-1, or in the interagency guides and agency directives listed in Zero Code of the FSH 5109.17.

1. The successful completion of a position task book during an appropriate number of evaluation assignments is the indicator of qualification. For positions that do not have a position task book, the Forest Qualification Review Committee shall review and recommend to the certifying official an individual's certification and qualification, based on objective factors such as performance evaluations and visual observation of performance of duties of the positions.

2. Personnel who have learned skills from sources outside the wildland fire management curriculum may not be required to complete specific NWCG courses in order to qualify in an incident and prescribed fire management position (sec. 3.2 - Course Equivalency).

3. Personnel currently employed by state agencies or other non-Federal cooperators (such as rural, county, and city fire departments) and hired as Administratively Determined (AD) personnel participating in cooperative fire management efforts, must be compliant with the minimum position requirements specified in the NWCG Wildland Fire Qualifications Systems Guide, PMS 310-1. Additional training requirements contained within this handbook do not apply to these individuals when they are hired,

since the Forest Service is hiring these individuals on a temporary basis to perform in positions where their agency has already certified them.

4. For contract fallers and equipment operators, hired under Emergency Equipment Rental Agreements (EERAs), designated for fireline operations, the hiring unit or hiring official is authorized to evaluate their knowledge, skills, abilities and associated certifications or past performance records. Individuals who serve in these positions and have existing contracts which outline specific knowledge, skills, and abilities may utilize these documents as evidence. If determined sufficient, these individuals may be utilized as a resource on local incidents, when they can be supervised by falling bosses, dozer bosses, or other similar certified supervisors.

When employed specifically for their occupational skills, physical fitness testing and course requirements for these positions do not apply (FSM 5134.2). Pursuant to section C of PMS 310-1, "Agencies shall not certify private contractors except where formal agreements are in place". The Forest Service obligation is to monitor and evaluate the performance and safety of these technical specialists.

2.2 - CERTIFICATION

1. All regular Forest Service personnel and cooperators employed by the Forest Service under the Pay Plan for Emergency Workers (Interagency Incident Business Management Handbook, PMS 902-1) and assigned Incident Command System (ICS) positions must be judged to be technically and physically qualified to fill their positions.

2. Qualification for a position in the NIMS/ICS organization depends on proven ability (sec. 2.1). Training, experience, and physical fitness are prerequisites for qualification. However, certification to hold an ICS or prescribed fire position is determined through evaluation of performance as a trainee in the target position (if required), or in a prerequisite assignment.

The Washington Office, Regional or Forest Qualification Review Committees shall determine when the individual is prepared to advance to the next higher level and make recommendations to the certifying official. Documentation of the recommendation and decision shall be placed in the employee's master record file (sec. 2.21).

3. Each employee's incident and prescribed fire position qualifications (including physical fitness and experience) must be re-evaluated annually by the certifying official to determine certification, recertification or decertification and a new Incident Qualification Card must be issued. This includes all Forest Service employees as well as Administratively Determined (AD) employees certified by the Fire Program Management Staff Officer.

4. Employees transferring to the Forest Service from another NWCG agency must be evaluated by the certifying official to determine certification.

5. The Fire Program Management Staff Officer should ensure that a system is in place to establish priorities for training and currency assignments.

6. A Qualification Review Committee shall be established on each unit (Washington Office, regional office, or forest) to review and recommend certification of personnel to

the certifying official. At a minimum, the committee shall include the Fire Management

Staff Officer, a line officer representative, Incident Qualifications and Certification

System (IQCS) Administrator, and a representative from the National Federation of

Federal Employees (NFFE) or other appropriate Forest Service union official, as well as

representatives knowledgeable of the unit's personnel. Deliberations, rationale and

decisions must be documented as appropriate to establish criteria and provide background

for employee performance enhancement planning.

    a. The Washington Office Review Committee (WQRC) shall review all individuals

    possessing Area Command and Type 1 Command and General Staff position

    qualifications, who are assigned to the Washington Office.

    b. Regional Qualification Review Committees (RQRCs) shall review all individuals

    possessing Area Command and Type 1 Command and General Staff position

    qualifications who are assigned in that Region.

    c. Forest Qualification Review Committees (FQRCs) shall review all individuals

    possessing Type 2, or lower, position qualifications.

7. If an individual is serving in the designated 3 year Task Book completion period and

an amendment to FSFAQG is issued, the position standards, contained in the amendment

apply.

8. If amendments to FSFAQG are issued which identify additional required training for

positions, such training will not be required for individuals qualified and current for those

positions at the time of amendment. There may be exceptions, examples include

Homeland Security Presidential Declaration #5 (HSPD-5) which required successful completion of IS-700 for all employees, whether or not they were previously qualified. Recommendations from Accident/Incident Abatement Plans may also require training for all employees, whether or not they were previously qualified. Field units will be notified when additional training is required through a letter from the Deputy Chief of the training requirement and who it applies too.

9. Specific training may be required by the Occupational Safety and Health Act regarding hazardous waste operations during emergency response and may be coordinated by Occupational Safety Health Administration (OSHA).

2.21 - Annual Fireline Safety Refresher

. Detailed information on refresher training can be found in chapter 3, 3.13.

2.22 - Record Keeping

Beginning with the March 26, 1990, amendment to FSH 5109.17, the Forest Service requires that certification records supporting qualifications on the employee's Incident Qualifications Card be maintained. The forest fire program management staff officer on each Forest shall ensure that certification records are maintained.

1. A file folder in paper copy format must be maintained for each employee for records related to certification in fire and aviation management positions. These records must be centrally located on the unit and readily accessible to the fire program manager. The fire program manager shall determine the centralized location of the records and provide direction to the units.

2. The contents of these folders shall include:

a. All relevant evidence of course completion related to position qualifications. Relevant evidence may consist of training certificates, copies of course completion rosters and/or completed Request for Training (SF-182) forms, or other third party validation that the training has been successfully completed. Documents from the course lead instructor or course coordinator, certifying that the employee successfully completed the training, are acceptable.

Only the lead instructor, course coordinator, or an individual who can validate the responder's successful completion of the training can provide third party evidence to substantiate course completion. An individual who also attended the course is not acceptable third party evidence.

b. Individual Performance Rating, Form ICS 226. Prior to the implementation of Position Task Books in February 1994, the Individual Performance Rating, Form ICS 226, served as evidence that the employee satisfactorily performed in a position.

If an Individual Performance Rating recommending the individual for certification cannot be located for the periods from March 1990 through February 1994, verification can be accomplished with a letter or e-mail from the final evaluator validating:

(1) A recommendation that the individual be considered for certification.

(2) A list of the incident(s) and date(s) when the final evaluation and previously recommended certification was completed.

c. Position task book verification (the inside front cover of task book, showing recommending final evaluator and Certifying Official's signatures and dates). If no copy of a qualifying position task book verification page can be located, verification may be accomplished with a letter or e-mail from the final evaluator validating:

(1) Satisfactory completion of all tasks.

(2) A recommendation that the individual be considered for certification.

(3) A list of the incident(s) and date(s) when the final evaluation and previously recommended certification was completed.

d. Other Documented Evidence of Continued Certification. When course completion and position task book verification evidence is missing, the certifying officials must also document that the employee was eligible for certification and their decision to continue to certify the employee in the position. In each case, the certifying officials must document their rationale to retain the employee's qualification.

e. Yearly updated Incident Qualifications and Certification System Responder Master Record (RPTC028) from IQCS.

3. Decertification. Decertification of an individual's ability to perform is the responsibility of the employing line officer at the Washington Office, region, forest, or district level. Decertification records shall be maintained in the employee development folder (EDF), which is maintained by employee's work supervisor.

4. Record Keepers must take the IQCS course. Everyone that takes the IQCS course must sign a "Statement of Responsibility" and "IQCS Rules of Behavior". The Statement

of Responsibility form identifies "GENERAL BUSINESS PRACTICES - INCIDENT QUALIFICATIONS AND CERTIFICATION SYSTEM (IQCS)". These forms commit them to uphold security requirements within IQCS. This includes commitment to adequately protect and not share individual user IDs and passwords. In support of these agreements, all those Agency employees that have authorized access to IQCS shall maintain strict access/security protocol. If they are found in violation of the protocol, their access will be suspended and the following mitigation(s) will apply:

First Violation: The supervisor, certifying official or staff officer shall determine the violation causal factor(s) and develop a mitigation plan of action. Causal factors may include, but not be limited to, inordinate volume of data entry; insufficient authorized staff; inappropriately targeted account holder; insufficient protection of user ID and password; pressure to share access, etc. The plan of action will require total mitigation by the represented unit. Individual access will be reinstated after the plan is completed and submitted to and approved by the Agency IQCS Representative.

Second Violation: Re-evaluation of first violation mitigation. Removal of access until the user completes a review of IQCS "Statement of Responsibility" and "IQCS Rules of Behavior" associated with security responsibilities.

Third Violation: Re-evaluation of first violation mitigation. Removal of access until the user completes the next available Security Training in AgLearn. Individual access will be reinstated with the submission of Certificate of Training to the Agency IQCS Representative.

Fourth Violation: Permanent removal.

2.23 - Position Task Books

The Position Task Book (PTB) identifies all critical tasks required to perform the job for most standard incident management and prescribed fire positions. Position Task Book Responsibilities are contained within the Wildland Fire Qualification System Guide, PMS 310-1.

1. An individual may not have more than six active position task books at one time. No more than two of the six allowed position task books may be in a single functional area, including prescribed fire positions. The functional areas include:

   a. Command and General Staff

   b. Finance

   c. Logistics

   d. Operations

   e. Air Operations

   f. Planning

   g. Prescribed Fire.

   h. Incident Support and Associated Activities (examples includes Expanded Dispatch or Wildland Fire Investigation).

2. In a few instances, agency or interagency position task books have been developed for positions outside those identified in PMS 310-1. Where these PTBs exist and have a Forest Service Logo on the front page, they shall be used to complete performance evaluations. The PTBs will be reviewed for qualification using the same procedures as those sponsored by NWCG.

3. For positions that do not have a position task book, the Forest Qualification Review Committee shall review and recommend to the certifying official an individual's certification and qualification, based on objective factors such as performance evaluations and visual observation of satisfactory performance of position duties.

2.24 - Currency Requirements

1. Currency requirements are contained in PMS 310-1. Currency requirements for air operations positions may also be met by performing on a day-to-day basis or on special projects, such as aerial spraying, search and rescue, and aerial ignition on prescribed burns. The day-to-day operational standards for these positions are governed by the procedures outlined in the Interagency Helicopter Operations Guide (IHOG).

Currency requirements for Security Manager (SECM) and for Security Specialist Type 1 (SEC1) may also be met by employment in good standing as a Forest Service Criminal Investigator or Law Enforcement Officer performing security and law enforcement work.

The day-to-day operational standards for these positions are governed by the procedures outlined in FSM 5300 and FSH 5309.11 and must be followed in order to meet the currency standard. Such law enforcement personnel meeting these currency requirements shall be identified as provided for in FSH 5109.17, Zero Code, Section 04.1-2 and Section 04.3-3.

2. Position experience is considered as qualifying only if the individual has previously met all prerequisite requirements for the position assignment.

3. If a position currency on an individual's Qualifications Card expires while they are performing that position on an assignment, the individual shall be allowed to complete the assignment. However, they shall not be reassigned in any expired position by the incident or home unit until they have re-established currency through the FQRC for that position.

2.25 - Recertification

Management evaluation of an individual's competency is key to recertification where qualifications have expired.

If currency has lapsed, the individual shall revert to the trainee level in the position for which currency has lapsed and shall be issued a position task book for the position, complete on-the-job-training if needed, complete any additional required training courses which have been added to the position for which they are attempting to recertify and requalify in the related position performance assignment. This does NOT tier down to the lowest level.

2.26 - Decertification

The decertification procedures in this section are intended to ensure safe and effective individual performance in assigned ICS, Wildfire Skill, Technical Specialist, and Prescribed Fire Skill positions. These procedures are also intended to provide supervisors and managers with an additional mechanism to ensure employee safety.

Decertification is the process of removing or reducing an individual's fire suppression and/or prescribed fire management position(s) qualifications. Decertification is not an adverse action; an employee may be recertified according to the procedures set out in section 2.25.

1. Performance Issues Outside Fire Suppression and Prescribed Fire Management. Different procedures are utilized to address individual performance issues in areas other than fire suppression and prescribed fire management. Refer to Agency Human Resources Policy.

2. Causes for Decertification. There are three causes for losing certification (decertification):

    a. An employee who currently holds a certification does not meet the currency requirements as specified by this Guide.

    b. An employee voluntarily surrenders the employee's certification of qualifications or requests to be qualified at a lower level of responsibility.

    c. As an individual or a member of a crew, incident management team, or prescribed fire team, an employee performs actions that violate recognized standard operational

procedures or identified safety procedures that are determined to have been instrumental in the endangerment of fire management personnel or the public.

Examples of instances that may warrant decertification include:

(1) Deliberately disregarding identified safe practices.

(2) Taking insubordinate actions that lead to unsafe conditions.

(3) Intentionally misrepresenting fire qualifications.

(4) Ignoring prescriptive parameters identified in approved burn plans.

3. <u>Performance Evaluation and Documentation</u>. Performance of personnel shall be evaluated on each incident. The Forest Service shall utilize the adopted interagency team and individual performance rating forms (or recognized equivalent) when evaluating the performance of individuals.

All actions that violate established safety procedures shall be documented; associated deficient performance evaluations must also be completed. Performance reviews, especially those that trigger consideration of decertification, shall be coordinated and tracked.

4. Responsibility for Performance Evaluation and Decertification.

a. <u>Incident Commander</u>. The incident commander and local unit manager are responsible for providing oversight of the initial performance review process. Inherent within the authority delegated to all incident commanders is the responsibility to relieve from assignment and demobilize any personnel for safety

violations. Incident Commanders, however, do not have the authority to decertify individuals. Incident Commanders are responsible for providing documented reasons for relieving an individual, forwarding the information to the individual's home unit, and including a copy of the individual's performance rating in the documentation package.

b. <u>Forest Fire Program Management Staff Officer</u>. The forest fire program management staff officer at the home unit is responsible for initiating an administrative review to determine if decertification is appropriate.

Any decision to decertify an individual should include a determination of whether remedial actions are appropriate to recertify the individual and a description of the recommended remedial actions.

During an evaluation of decertification, individual qualifications may be temporarily suspended. Judgments about qualifications can be made through expert mentoring, independent assessment, or the line officer's judgment relating to the individual's performance capabilities.

c. <u>Washington Office, Regional and Forest Qualification Review Committee</u>. The Washington Office, Regional Office, and Forest Qualification review committees are a key component in the certification and decertification of individuals. Qualification review committees should operate according to procedures delineated in other sections of this handbook and in FSM 5120.

Qualification Review Committees shall review individual qualifications and certification and shall address and recommend to the certifying official decertification for anyone they have reviewed for certification. If the review occurs at the forest level, the individual reviewed shall have appeal rights with the Regional Qualification Review Committee. If the review occurs at the regional level, the individual reviewed shall have appeal rights with the Washington Office Qualification Review Committee.

5. <u>Individuals Relieved from Fire Assignment</u>. Individuals who have been relieved from an assignment shall not be reassigned to any incident until the certifying official approves the suitability of the individual to perform the duties associated with the qualifications for the position.

6. <u>Interagency Teams</u>. Interagency teams or groups fall outside Forest Service authority. These teams or groups function and operate at the sole discretion of the chartering group. Teams or groups may be formed, disbanded, held in abeyance, or re-formed at the discretion of the appropriate level of the chartering interagency group, according to applicable standards for each team. Examples of these interagency teams or groups are:

a. Area Command teams chartered and formed by the National Multi-Agency Coordinating Group.

b. National Type 1 teams chartered by geographic area coordinating groups.

c. Area Type 2 teams chartered by geographic area coordinating groups or by an individual sub-geographic area group.

7. Crews. Type 1 crews are decertified according to procedures developed nationally.

Type 2 crews are decertified on a geographic or sub-geographic area basis.

2.3 - PHYSICAL FITNESS STANDARDS AND DEFINITIONS

Minimum physical fitness standards for positions are contained within the PMS 310-1. Fitness

standards for technical specialist positions can be found in Chapter 2, pt 2.

2.31 - Physical Fitness Requirements

Requirements for physical fitness are identified as arduous, moderate, light, and none required.

Reference the Wildland Fire Qualification System Guide (310-1) for descriptions.

Personnel taking the work capacity test (WCT) will only complete the level of testing (pack,

field, walk) required by the highest fitness level identified for a position on their incident

qualification card. To further clarify, employees shall not take the WCT unless they have an

incident qualification that requires it, and only at the fitness level required by that position as

identified in this document.

The WCT is valid for 13 months.

For any position assigned to the fireline for non-suppression tasks, the required physical fitness

level shall be "Light". Visitors to the line are not "assigned to the line for non-suppression

tasks" and therefore are subject to incident commander discretion and/or the guidelines as

addressed in "Visits to the Fireline", "Non-Escorted Visits" and/or "Escorted Visits" in the Interagency Standards for Fire and Fire Aviation Operations (Red Book), if applicable.

2.32 - Physical Fitness Measurement

The work capacity test is the physical fitness measurement recognized by the Forest Service.

2.33 - Fitness Development

Fire personnel required to meet the arduous level for their assigned wildland fire positions shall be provided official time for rigorous exercise to prepare for and maintain the arduous level:

1. Fire funded employees (assigned to fire crews and identified in the Fire Management Action Plan) shall be allowed up to 5 hours per week of physical training when not engaged in wildland fire operations.

2. Employees not funded by fire shall be allowed up to 3 hours per week of physical training, consistent with the local wellness programs. The applicable time is up to 6 months prior to scheduled testing and after passing the test, until the end of the proclaimed fire season. Fire program funds may be used for approved physical training time based on guaranteed availability for fire-related assignments.

The employees and their supervisors shall discuss and schedule opportunities during the work week for fitness activities.

2.4 - MEDICAL STANDARDS [RESERVED]

2.5 - HEALTH SCREENING QUESTIONNAIRE [RESERVED]

2.6 - INCIDENT QUALIFICATION CARD

2.61 - PMS 310-3, Incident Qualification Card Signing Authority

Signing Authority for Incident Response Qualifications Cards resides in the FSH 5109.17, Zero Code, 04-Responsibility.

Certification and documentation requirements must be met prior to signature of Form PMS 310-3, Incident Qualification Card.

Qualification and certification of employees shall be performed by the "hosting" Forest which mobilizes the employee. This includes employees in the Information Services Organization (ISO), Albuquerque Service Center (ASC), Research Stations, Law Enforcement and Investigations, and so forth.

For further direction on delegations of authority and responsibility for positions in the Fire and Aviation Management Program, see FSM 1230 and FSM 5100.

Incident Qualifications Card expiration dates:

> a. Positions requiring work capacity tests (WCT) are valid through the fitness expiration date listed on the card (13 months).

> b. Positions not requiring WCT for issuance are valid for 12 months from the date the card was signed by a certifying official.

2.7 - POSITION QUALIFICATIONS

2.71 - NWCG Positions

The NWCG Operations and Workforce Development Committee (OWDC) has established

minimum position qualification standards for four of the position categories: Incident Command

System, Wildland Fire, Incident Support, and Associated Activities. Those minimum standards

are contained within the PMS 310-1.

Chapter 2 pt 1, Exhibit 01 provides the minimum position standards contained within the 310-1,

as well as the Forest Service supplement including training requirements, experience, physical

requirements, and other positions meeting currency requirements for the four position categories.

Chapter 2 pt 2 provides the minimum position standards that the Forest Service has established

for the technical specialist positions.

HEQB, ENGB, FELB, FIRB, HMGB)
            +
Successful position performance as an Incident Commander Type 4 (ICT4) on a wildfire
incident

310-1 PHYSICAL FITNESS LEVEL
Arduous

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Incident Commander Type 3 (ICT3)
Operations Section Chief 2 (OSC2)
Division Group Supervisor (DIVS)
Air Tactical Group Supervisor (ATGS)
Task Force Leader (TFLD)
Any Strike Team Leader (STCR, STEN, STEQ)
Any single resource boss positions (ENGB, CRWB, HEQB, FELB, FIRB, HMGB)
Prescribed Fire Burn Boss Type 2 (RXB2)
Safety Officer, Line (SOFR)

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE
AND SKILLS
S-234 Ignition Operations
S-215 Fire Operations in the Wildland/Urban Interface

Task Book available at:
http://www.nwcg.gov/pms/taskbook/command/command.htm

27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Command and General Staff Positions

INCIDENT COMMANDER TYPE 5 (ICT5)
Position Category: Incident Command System
The ICT5 position is not prerequisite to the NWCG Incident Commander Type 4 (ICT4) position

310-1 REQUIRED TRAINING
S-131 Firefighter Type 1
S-133 Look up, Look Down, Look Around
RT-130 Annual Fireline Safety Refresher

FOREST SERVICE ADDITIONAL REQUIRED TRAINING
IS-700 National Incident Management System (NIMS), An Introduction

310-1 REQUIRED EXPERIENCE
Satisfactory performance as a Firefighter Type 2 (FFT2)
             +
Successful position performance as an Incident Commander Type 5 (ICT5) on a wildfire incident.

310-1 PHYSICAL FITNESS LEVEL
Arduous

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Incident Commander Type 4 (ICT4)
Firefighter Type 1 (FFT1)

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
S-212 Wildland Fire Chain Saws
S-211 Portable Pumps and Water Use

Task Book available at:
http://www.nwcg.gov/pms/taskbook/command/command.htm
Note: the Firefighter Type 1 (FFT1) and Incident Commander Type 5 (ICT5) Position Task Books have been combined. However, the positions have not been combined. The FFT1 tasks are completed only once; additional tasks must be completed to meet the ICT5 level. The FFT1 and ICT5 tasks can be completed simultaneously. The Required Experience is satisfactory performance as a Firefighter Type 2 (FFT2).

27.1 - Exhibit 01--Continued

* The Position Task Book (PTB) for the Single Resource Boss positions differs from other PTBs. The first sets of tasks, common to all the Single Resource Boss positions, are the same as those required for the Crew Boss position. Additional specific tasks are required for the other types of Single Resource Boss positions (Engine, Dozer, Tractor/Plow, Felling, and Firing). When the PTB is issued to a trainee, the appropriate position(s) should be identified by crossing out the inappropriate positions on the cover. The trainee then needs to be signed off for all of the common tasks as well as those additional tasks that apply to the specific resource. Whether or not a qualified Single Resource Boss must re-complete the tasks common to all Single Resource Boss positions to become qualified as a Single Resource Boss for another resource is up to the discretion of the home unit (310-1,).

*Note: When Helicopter Managers are intended to be utilized for other missions they must be ordered with additional qualifications such as: ICT4, PLDO, Agency Exclusive Use Prerequisites, etc.
**Online training at: *http://www.fs.fed.us/business/abs/training.php*

27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Air Operations Positions

HELICOPTER CREWMEMBER (HECM)
Position Category: Wildland Fire

310-1 REQUIRED TRAINING
S-271 Helicopter Crewmember
RT-130 Annual Fireline Safety Refresher
A-110 Aviation Transportation of Hazardous Materials (Must attend every three years)

FOREST SERVICE ADDITIONAL REQUIRED TRAINING
A-219 Helicopter Transport of External Cargo (Included in Dec 2010 S-271 training)
RT-219FS Helicopter Transport of External Cargo (Must attend A-219within three years and every three years thereafter)
IS-700 National Incident Management System (NIMS), An Introduction
L-180 Human Factors on the Fireline (if not obtained in S-130 2003 revision)

310-1 REQUIRED EXPERIENCE
Satisfactory performance as a Firefighter Type 2 (FFT2)
          +
Successful position performance as a Helicopter Crewmember (HECM)

310-1 PHYSICAL FITNESS LEVEL
Arduous

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Helibase Manager Type 1 (HEB1)
Helibase Manager Type 2 (HEB2)
Helicopter Manager, Single Resource (HMGB)
Deck Coordinator (DECK)

310-1 OTHER TRANIING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

Task Book available at:
http://www.nwcg.gov/pms/taskbook/air/air.htm

27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Air Operations Positions

AIR TACTICAL GROUP SUPERVISOR (ATGS)
Position Category: Incident Command System

310-1 REQUIRED TRAINING:
S-378 Air Tactical Group Supervisor
RT-130 Annual Fireline Safety Refresher

FOREST SERVICE ADDITIONAL REQUIRED TRAINING:
IS-700 National Incident Management System (NIMS), An Introduction
IS-800 National Response Plan (NRP), An Introduction

310-1 REQUIRED EXPERIENCE:
Satisfactory performance as a Division Group Supervisor (DIVS)
        +
Successful position performance as an Air Tactical Group Supervisor (ATGS) on a wildfire incident
        OR
Satisfactory performance as an Incident Commander Type 3 (ICT3)
        +
Successful position performance as an Air Tactical Group Supervisor (ATGS) on a wildfire incident

310-1 PHYSICAL FITNESS LEVEL
None required

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
None

27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Air Operations Positions

AIR TACTICAL GROUP SUPERVISOR (ATGS) - CONTINUED
Position Category: Incident Command System

FOREST SERVICE OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS:

Aerial Retardant Application and Use   A-101 Aviation Safety (All Aircraft)
A-103 FAA NOTAM System   A-105 Aviation Life Support Equipment
A-106 Aviation Mishap Reporting   A-107 Aviation Policy and Regulations I
A-109 Aviation Radio Use   A-112 Mission Planning and Flight Request Process
A-113 Crash Survival   A-200 Mishap Review
A-202 Interagency Aviation Organizations   A-203 Basic Airspace
A-204 Aircraft Capabilities and Limitations   A-206 Aviation Acquisition and Procurement
A-301 Implementing Aviation Safety and Accident Prevention
A-302 Personal Responsibility and Liability   A-303 Human Factors in Aviation
A-305 Risk Management   A-307 Aviation Policy and Regulations II
A-311 Aviation Planning

Reference materials for this position are contained in the Interagency Aerial Supervision Guide

Task Book available at:
http://www.nwcg.gov/pms/taskbook/air/air.htm

27.1 - Exhibit 01--Continued

POSITION QUALIFICATIONS SECTIONS
Air Operations Positions
AIR TANKER/FIXED WING COORDINATOR (ATCO)**
Position Category: Incident Command System

310-1 REQUIRED TRAINING:
Agency established

FOREST SERVICE ADDITIONAL REQUIRED TRAINING
I-100 Introduction to Incident Command System*
IS-700 National Incident Management System (NIMS), An Introduction
S-190 Introduction to Wildland Fire Behavior
S-270 Basic Air Operations
S-290 Intermediate Fire Behavior
S-336 Fire Suppression Tactics or equivalent training (see chapter 30 of this Guide)
S-378 Air Tactical Group Supervisor

310-1 REQUIRED EXPERIENCE
Agency established

310-1 PHYSICAL FITNESS LEVEL
None required

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
None

310-1 OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS
L-380 Fireline Leadership

*I-100 Online link: *http://training.nwcg.gov/classes/i100.htm*
** Designates Agency established position qualifications
FOREST SERVICE OTHER TRAINING WHICH SUPPORTS DEVELOPMENT OF KNOWLEDGE AND SKILLS

Geographic Area Intermediate Air Operations	I-200 Basic Incident Command System
A-101 Aviation Safety (All Aircraft)	A-103 FAA NOTAM System
A-105 Aviation Life Support Equipment	A-106 Aviation Mishap Reporting
A-107 Aviation Policy and Regulations I	A-112 Mission Planning and Flight Request Process
A-113 Crash Survival	A-200 Mishap Review

PROCUREMENT UNIT LEADER (PROC)
Position Category: Incident Command System

310-1 REQUIRED TRAINING
None

FOREST SERVICE ADDITIONAL REQUIRED TRAINING
I-100 Introduction to Incident Command System*
IS-700 National Incident Management System (NIMS), An Introduction
IS-800 National Response Plan (NRP), An Introduction

AUTHORITY
Federal delegated acquisition authority to obligate Government funds of $100,000 or greater.
The Position Task Book may be initiated prior to receiving delegated authority. Certification
may not be granted until delegated authority has been obtained.

310-1 REQUIRED EXPERIENCE
Satisfactory performance as an equipment Time Recorder (EQTR)
            +
Successful position performance as a Procurement Unit Leader (PROC)

FOREST SERVICE REQUIRED EXPERIENCE
Successful position performance as a Procurement Unit Leader (PROC)

The Forest Service deviates from the 310-1 by not requiring prerequisite experience of
Equipment Time recorder. Forest Service Procurement Unit Leaders must be qualified
Contracting Officers (FSH 6309.32) and, by policy, they will not be mobilized into positions
other than those that also require delegated acquisition authority (that is Buying Team
Leader).

310-1 PHYSICAL FITNESS LEVEL
None Required

310-1 OTHER POSITION ASSIGNMENTS THAT WILL MAINTAIN CURRENCY
Finance Section Chief Type 1 (FSC1)
Finance Section Chief Type 2 (FSC2)
Personnel Time Recorder (PTRC)
Equipment Time Recorder (EQTR)
Time Unit Leader (TIME)
