

CONTENTS

- Chart 1. Total recordable nonfatal occupational injury and illness incidence rates, by type of case, private industry, 2003–05
- Chart 2. Total recordable nonfatal occupational injury and illness incidence rates, by employment size class, private industry, 2003–05
- Chart 3. Total recordable nonfatal occupational injury and illness incidence rates, by major industries, 2003–05
- Chart 4. Total recordable nonfatal occupational injury and illness incidence rates, by industry, 2004 and 2005
- Chart 5. Number of cases with days away from work, job transfer, or restriction, by type of case and industry, 2005
- Chart 6. Incidence rates for cases with days away from work, job transfer, or restriction, by type of case and industry, 2005
- Chart 7. Industries with at least 100,000 nonfatal occupational injuries and illnesses, 2004 and 2005
- Chart 8. Distribution of nonfatal occupational injuries and illnesses, health care and social assistance, 2005
- Chart 9. Total recordable occupational injury and illness incidence rates, health care and social assistance, 2003–05
- Chart 10. Total nonfatal cases in private industry, injuries versus illnesses, 2005
- Chart 11. Total recordable nonfatal occupational injury incidence rates, by industry, 2004 and 2005
- Chart 12. Percent of nonfatal occupational injuries, by industry, 2005

- Chart 13. Total recordable nonfatal occupational illness incidence rates, by industry, 2004 and 2005
- Chart 14. Percent of nonfatal occupational illnesses, by industry, 2005
- Chart 15. Percent of nonfatal occupational illnesses, 2004 and 2005
- Chart 16. Number of injuries and illnesses with days away from work, 2003–05
- Chart 17. Percent change in incidence rate of injuries and illnesses, by selected events and exposures, 2003–05
- Chart 18. Occupations with 20,000 or more injuries and illnesses, 2003–05
- Chart 19. Injuries and illnesses and employment for occupations with 20,000 or more injuries and illnesses, 2005
- Chart 20. Employment and injuries and illnesses, by occupation group, 2005
- Chart 21. Occupations with the highest median number of days away from work, 2005
- Chart 22. Injuries and illnesses and employment, by industry domain, 2005
- Chart 23. Injuries and illnesses and hours worked, by gender of worker, 2005
- Chart 24. Injuries and illnesses and hours worked, by age of worker, 2005
- Chart 25. Median number of days away from work due to injuries and illnesses, by age of worker, 2005
- Chart 26. Percentage of injuries and illnesses, by race or ethnic origin and selected industries, 2003–05

- Chart 27. Injury and illness topology
- Chart 28. Distribution of injuries and illnesses, by nature, 2005
- Chart 29. Median number of days away from work due to injuries and illnesses by nature, 2005
- Chart 30. Injuries and illnesses, by part of body affected, 2005
- Chart 31. Median number of days away from work due to injuries and illnesses, by part of body, 2005
- Chart 32. Distribution of injuries and illnesses, by source, 2005
- Chart 33. Median number of days away from work due to injuries or illnesses, by source, 2005
- Chart 34. Injuries and illnesses, by event or exposure, 2005
- Chart 35. Median number of days away from work due to injuries or illnesses, by event or exposure, 2005
- Chart 36. Musculoskeletal disorders (MSD's), 2002–05
- Chart 37. Musculoskeletal disorders, by nature of injury or illness, 2005
