## REMINDER

If you need any help with these tools, please stop by the lab.

### Web 2.0 Tool

#### ScrapBlog Marketplace

Create stunning multimedia scrapbooks. Share them online with family & friends. You can also print them.

**CREATE** personalized scrapbooks with your photos, video and thousands of creative elements.

**SHARE** them online with our community, send them by email, or post them to your favorite websites.

**PRINT** your scrapblogs for a truly personalized keepsake for you or to give to others as a gift.

We thought your pictures could use some online scrapping :)

We created Scrapblog because we wanted to go beyond sharing our photos and videos online. We made Scrapblog drag-and-drop-easy so that everyone can tell their stories and create beautiful multimedia scrapbooks.

Our goal is to enable everyday people to express themselves online in a creative way. We've been developing Scrapblog for over two years. However, what you see online today is only the beginning.

The top designers of the scrapbooking world have set up shop inside Scrapblog to bring you endless amounts of stunning new contest! Anna Griffin, Cosmo Cricket, Thonna Farrer, & more.
