¹Out-of-state resident information is collected for individual states but whether an angler is a resident of a region is not specified; NA = data are not available.

²Due to changes in data collection methods, the Pacific Region's effort (number of trips) and catch (number of fish harvested or released) estimates for 1999-2003 are not comparable to 2004-2008 estimates.

³In this table, "1" = 1000-1499 fish were harvested or released and "(1)" = 0-999 fish were harvested or released.

⁴Species included in this group may not be equivalent to species with similar names listed in the commercial tables.
