Provider Name: Conway Corporation

Summary: Conway Corporation has been serving the census tracts of Conway Arkansas with Broadband since early 1997. Our service territory has grown with the city and now covers 11 census tracts in the city of Conway. Six of those 11 census tracts have the ability to be served 100% by Conway Corporation. Of the remaining 5 tracts three have 88% availability to be served by Conway Corporation. The remaining 2 census tracts just barely touch on the service territory and sit approximately 31% or less inside the service territory. There are several middle mile providers in Conway. CenturyLink/AT&T/Sprint/Level 3. Conway Corporation just completed an RFP seeking a middle mile provider for a new backbone.
