

## **Public Notice Submission**

**Provider Name:** Dell Telephone Cooperative, Inc.

**Summary:** Dell Telephone Cooperative, Inc. (DTC) currently provides broadband services to portions of the census tracts included as part of this service provider response. Additionally, DTC is currently deploying Fiber-to-the-Premise (FTTP) through an RUS Loan which will bring broadband service to a larger portion of our subscriber base. DTC has also submitted a Round 2 RUS BIP application requesting funds to deploy additional broadband equipment in areas within these census tracts. DTC is submitting this service provider response to notify the NTIA of the level of last mile broadband services that DTC offers in these areas in the event that the NTIA can utilize this information in their evaluation of any applications.
