

Public Notice Submission

Provider Name: Home Telephone Company

Summary: Home Telephone Company is a small rural operator providing video, voice, and data as well as other communications services in rural southern Minnesota. Since incorporation some sixty years ago, Home's serviceable area includes portions of Mower, and Fillmore Counties with significant subscribership in the communities of Grand Meadow, Racine and Wykoff. Home Telephone respectfully requests relief and seeks withdrawal of the enclosed proposed census tracts that fall in line with Home's service area. Home Telephone owns and provides fiber optic cable broadband as well as DSL broadband services that are available to 100% of the number of households passed. Broadband services are offered at reasonable rates that remain competitive with other broadband providers throughout central Minnesota.
