

## **Public Notice Submission**

**Provider Name:** Tularosa Basin Telephone Company

**Summary:** The Respondent has made major capital expenditures to enable the delivery of broadband services throughout its service area. The Respondent is capable of providing broadband services to 99% of its customers and advertises that capability. 99% of Respondents customers are capable of receiving download speeds of at least 1.5 Mbps and 97% are capable of receiving download speeds of at least 6.0 Mbps. Over 60% of Respondents customers are served via fiber-to-the-premise; the remaining 40% are provisioned with short copper loops. The Respondent's standard retail service offerings for High-Speed Internet services range from "Basic Internet" (128 Kbps / 128 Kbps) to "Mach III" (6.0 Mbps / 1.0 Mbps). Non-standard offerings in select areas served with fiber to the premise include download speeds up to 50 Mbps.
